

Welcome,

Thank you for choosing to seek further information about this amazing course. Body Mind Resolution Healing ® was pioneered by me in 2011. Accredited by the International Institute for Complementary Therapists and registered in NSW, Australia. It is able to be practised internationally where IICT are established. BMR Healing ® is combining sacred energy healing, self-empowerment coaching and belief changing which makes it a very unique healing programme. Lives are profoundly and positively transformed as a deeper positive perspective is revealed as the negativity, pain and hurt of the past is cleared. This is level one and is suitable for adults.

The teenagers BMR Healing Programme is level two and suitable for those from 14 years onwards. It is based on the BMR Healing level one and altered to suit the teenager's specific needs. Self-esteem, self-confidence, self-respect are all part of building up these young people to have courage, faith and belief in themselves to succeed in all and specific areas of their lives that their hearts and souls desire.

Infinite Soul Healing® is level three and provides an avenue to full enlightenment and the opportunity for the individual to advance spiritually through knowing and understanding their soul lessons and progressing through them. Soul evolution is what we are all here to achieve and BMR Healing® is a fast effective way to increase any individual's level of evolution to the Fifth Plane of Existence. It is always the individuals responsibility to practise the tools they are given during the programme to continue their personal and spiritual growth.

It's all about love!

The purpose of this healing programme is to facilitate an individual's inner healing, on a deep level and to assist them to know and understand what motivates them, how they have created their lives and how to change their negative perspective to positive. The energy healing removes the effects of negative self-sabotage energetically, emotionally and spiritually and brings the individual back to their natural state of love. No other course offers such profound transformation within a 6 session personal programme. BMR Healing® can be conducted as personal face to face sessions or on Skype and via Distant Healing worldwide. The delivery of this course is one year (12 months).

All three levels are being offered for the first time as an online course!

This course is suitable for the more experienced metaphysical healer and those who are actively practising as an advanced Light Worker in the healing arts of energy healing, i.e. Theta Healing, Reiki Master/Teacher or Angelic Healing. An understanding of metaphysical and or spiritual coaching is preferable, however, this can also be studied within the course to the required level.

A typical adult client will be female and have low self-esteem, low self-confidence, lacks trust in self and others, has always been the victim of abuse on all levels and lived in very negative, demeaning relationships. Domestic violence is common place with these clients and although you may think that a six session programme may not be enough for them, it does in fact make a huge difference.

I suggest ongoing sessions approximately three to six monthly to support the client to continue healing. The healing continues to work for the client up to two years after the completion of the programme. As we all know, healing is a life long journey. BMR Healing gives the client an amazing opportunity to heal rapidly.

BMR Healing is able to be conducted via distant healing!
