This course is open to anyone nationally and internationally who wants to become a Light Worker, for personal or professional development. The course will provide you with all you need to know to build strong foundations for the future.

If you are already working as a Psychic, Medium, or Healer or all three, perhaps your knowledge and expertise could be enhanced with this course, or you gain the qualifications you are seeking as a professional. It does not matter how long anyone has been doing this work, there is always something to learn or be reminded about.

This course is suitable for beginners to the advanced practitioners. The only requirement is that you must be 18 years and over to join the course. You can begin this course at any time you wish, there are not set starting dates. The course must be completed within one year from the starting date. There are three modules to be studied and timing of each will vary depending on your previous experience, if any, and your available time. If you required assistance setting up a Study Time Schedule please ask me to guide you with this.

You may find some subjects easier to understand and grasp more quickly than others, which is natural. There are revision tests within each of the modules and I also provide via Skype, one on one training, offering three 60 to 90 minute sessions per module. There are demonstration videos included along with guided meditations.

## *Terms and Conditions*

This course is approved and registered by the International Institute for Complementary Therapists, NSW Australia. If you are an international student you are able to register your qualification with this institute in countries where it is established. You will receive a beautiful electronic Certificate that you can be proud of, when I am satisfied that you are ready to graduate the course and start working with clients.

Each module has its own theory and practical applications that you will be tested on. Once you enrol and a deposit towards one of the payment plans or full payment for the entire course is made, you will receive via Express Post a USB containing the meditations and instruction videos for Module One to get you started. The study material for the module will be emailed to you. For each module you will also receive another USB with meditations and instruction videos.

At the beginning of each Module there is an Introduction in letter form, along with a Declarations and Disclaimer page. These are included and are deemed accepted by you when you purchase the course.

Module One: I expect you to know and understand all subjects no matter how small or trivial. All the small parts add extra meaning and understanding to the main parts. It is important that you know and understand how energy works and how it supports our existence. It is via this energy that you are able to be a psychic, medium and healer plus live on earth. Foundations for your future are being built.

Module Two: Is a little more challenging, but again these are the foundations enabling you to be a successful psychic, medium or healer. The foundations are what you will use to build the rest of your career and your spiritual journey in life upon.

Module Three: Has less subjects than the other modules because it is the most comprehensive and challenging. Please make sure you allow yourself plenty of time with this Module.

### Code of Ethics & Practises

- 1) Work only in and through God's Love for the Highest Good of yourself and those you assist. Love is the motivational energy of being a Light Worker and is the only acceptable motive.
- 2) You have an obligation and responsibility to yourself and client to conduct yourself and the session with respect, honesty, integrity, accuracy, compassion and empathy.
- 3) Never judge or criticize another's situation. You have no knowledge of their Divine Plan. Respect every soul's journey.
- 4) Maintain a high ethical and moral practice to earn a good reputation by loving your work and providing a professional service.
- 5) Never predict accident, sickness, or death. You are responsible for a client's wellbeing and not to cause any trauma.
- 6) Every client you see must leave feeling at least 50% more uplifted and positive than when they first arrived to your session.
- 7) You are to give the messages from Spirit precisely as you receive them. Your personal interpretation could be wrong.
- 8) Use your diplomacy in difficult situations to maintain integrity, honesty, compassion, understanding and support for the client. If you cannot deal with the situation refer them to another practitioner and be aware the moment this occurs.
- 9) The Universal Law of Cause and Effect works perfectly. Whatever your desired effect is, you must determine the way you will cause it prior to beginning. Keep your ego in check.
- 10) Remind the client that they have Free Will to make their own choices and decisions. The spiritual guidance you provide is the guidance they request but are not obligated to follow.
