

# 2019 CSAS Patriots Team Fees

The first scrimmage is just around the corner and I wanted to get you an official notice of team fees. These may differ a little from our original estimates. Please understand that team fees must be paid before your son can participate in regular season games. If you need to discuss fee payment, please feel free to see me or email me. Also, if you are unclear about any or all of these fees, let me know.

Below is the breakdown of costs, with an explanation for each. **All Team Fees can be paid online by going to [www.mycsas.com](http://www.mycsas.com).** The other option is to pay directly to us - preferably with check. We order the socks and shorts and distribute to players. Thanks.

Fee	Reason	Comments
\$75	Team Supplies and Costs	Generally used for things like paint, referee fees, scrimmage and tournament costs and other various fees paid by program, etc. Each player is responsible for this fee paid to "CSAS Soccer." This fee includes the TSSAA registration fee that used to be paid separately.
\$8.50 (per pair)	Team Socks	All players must have at least one pair of white <b>AND</b> one pair of navy socks. If needing new ones, that would be \$17 total. You may use socks from previous year if they match. Fee paid to "CSAS Soccer."
\$18.00	Navy Shorts	Players must wear shorts that match team's uniform. You may use previous year's pair if still in good condition. Fee paid to "CSAS Soccer."

Our **Varsity team** will be going to Murfreesboro for the Battle of the Magnets Tournament the weekend of April 26-27. The cost of the hotel room will be \$29.50 per player and this fee will also be set up to pay online. There will be additional costs for meals while gone, but players will handle those individually.

I understand that these are pricey, but at least the shorts and socks are not required on a yearly basis. They are only on an "as needed" basis and are yours to keep. Thanks and again, let me know what you do not understand.
