This document will serve as a legal and binding contract between BlueTrane Group, LLC, doing business as BlueTrane Heritage Farm ("BTHF") and owned by Daniel J & Marjorie S Uhlar, hereinafter called the "Producers", and the "Member" identified above. 16530 County Road 102; Elbert, CO 80106 is the legal address of BlueTrane Group, LLC as well as the operational address of BTHF. Business voice and text: (303) 552-6538.

1. Disclosure of Cooperative Relationship

The Producers are cooperating with One 2 Grow On Farm (9641 Silverberry Circle; Highlands Ranch, CO 80129) in fulfilling this year's shares. One 2 Grow On Farm is committed to the same pesticide and herbicide free principles as the Producers. One 2 Grow On Farm utilizes various small neighborhood plots in Highlands Ranch to produce a wide variety of garden products. This relationship will aid in buffering any environmental or production issues that may be encountered during the year.

2. Support for CSA

One of our primary goals in selling CSA shares is to connect the Member with the source and production of their food. In recognition of the variability of natural production systems the Member and Producers accept that produce availability as to the type and quantity will be reflected in the share composition and will vary throughout the 2019 growing season. No pesticides or herbicides will be used in the growth and production of BTHF products.

3. Purchase of a BTHF 2018 CSA Share, terms and termination

To complete the subscription process Member will provide all requested information on the Agreement Form and submit the Form with payment. Checks are to be made payable to BlueTrane Group, LLC and mailed to BlueTrane Heritage Farm; P.O. Box 1046; Kiowa, CO 80117.

Shares will be for 20 weeks occurring approximately between June 1, 2019 and October 20, 2019. Depending upon environmental conditions, bonus distributions may begin before June 1st and extend beyond October 20. The bonus distributions, of course, cannot

be guaranteed. Half, Full and Salad distributions will consist primarily of heirloom vegetable varieties as well as other products produced by BTHF. The nature and quality of each share will change from week to week. Because of the many factors and uncertainties that affect vegetable growth, the Member understands that there is no guarantee with regard to the makeup of each week's share distribution. BTHF will use its best judgement in the equitable allocation of product between Members. Egg shares will be distributed from free-range, heritage poultry breeds fed non-GMO, organic diets. The mix of size and egg color cannot be guaranteed as it is wholly dependent upon the weekly productivity of each poultry breed.

4. Preparations for the 2019 Growing Season

BlueTrane Heritage Farm owns and manages its own growing space on 82 acres in Elbert County, Colorado. We have fertilized and prepared the land for growing, including soil testing, tilling, shaping and protecting the space with deer and rabbit fencing. During the growing season BTHF will engage in watering, weeding, fertilizing, harvesting and other activities designed to produce a healthy vegetable crop for the Members.

5. Member Commitment

Due to the remote location of BlueTrane Heritage Farm, Members are not expected to participate in production, harvesting or administration of the CSA.

Member agrees to be available to pick up their share at the agreed upon day, location and time. BTHF will attempt to accommodate emergency changes in the day, location and time if notified at least 3 days in advance. No guarantee is made with regard to making such an accommodation. The Member understands that their share may be forfeited if notice of distribution change is not received and agreed to by BTHF or that they fail to pick up their share as scheduled.

6. Joint efforts and actions

BlueTrane Heritage Farm agrees to maintain regular communication with members via email, phone, its website and Facebook page. Communication will include, but is not limited to, production status, varieties reaching maturity, recipes, storage and preservation suggestions and information related to the Member shares.

7. Activities on property, assumption of risk and indemnification

The Member agrees to INDEMNIFY AND HOLD HARMLESS BlueTrane Heritage Farm, including its officers, employees, agents, and representatives from any and all claims, actions, costs, expenses, damages, and liabilities, including attorney's fees that might be incurred as a result of the Member's participation in the BlueTrane Heritage Farm CSA.
