

The Bluegrass

TRIFECTA

ANGUS PRODUCTION SALE

September 22, 2017
Friday • 1:00 PM EST

Hosted by Blue Lake Cattle Ranch in Carlisle, KY

Dear friends and fellow Angus cattlemen,

We want to invite you all to the inaugural Bluegrass Trifecta Angus Production Sale hosted at Blue Lake Cattle Ranch on Friday, September 22, 2017 at 1:00 PM EST. The participants of the Bluegrass Trifecta consist of Blue Lake Cattle Ranch, Ward Ratliff Cattle Company, and Pelphrey Cattle Company – three progressive breeding programs in Kentucky striving to produce seed stock cattle with the highest quality genetics that we believe will perform and excel in anyone's program.

It has been an exciting year as we have travelled across the country meeting fellow breeders, attending sales events, and procuring an elite collection of genetics and pedigrees from many of the most productive and proven cow families in the Angus breed. It has been a tremendous pleasure meeting and developing friendships with breeding operations around the country. We look forward to continuing to build these relationships and supporting our fellow breeders.

This Bluegrass Trifecta offering includes an excellent set of cattle featuring highly desirable genetic traits and merits. It includes elite donor prospects, outstanding open and royally bred heifers and cows, superb cow/calf pairs, and excellent heifer pregnancy options. Just a few of the exceptional females that will headline this year's sale include:

- One half interest of Blue Lake Rita 2820, a VAR Discovery 2240 sired direct daughter of perhaps the most prolific donor dam of Angus breed, DRMCTR 111 Rita 6108.
- Two fantastic yearling heifers sired by WR Journey-1X74 and Deer Valley All In, and a heifer pregnancy by Baldrige Colonel C251, all out of EXAR Henrietta Pride 5162, the great foundation donor dam of the Ward Ratliff program and direct daughter of yet another dominant donor dam in the Angus breed, Sitz Henrietta Pride 643T.
- One half interest of PCC RITA 6427, an exciting future donor in the Pelphrey Cattle Company program. 6427 is a Rampage sired daughter of GAR Objective 0J07 that features excellent phenotype and descends from the great DRMCTR 111 Rita 6108.

All cattle in the offering have been genomically tested using either HD50K or i50K tests. We want to provide our customers the most accurate information possible about the genetic merit of the animals we offer. We want all of our customers to feel confident in the quality of the animals they purchase, and we stand behind all of the cattle produced in our programs.

We thank you for taking an interest in our breeding programs. Please join us on Friday, September 22nd for a delicious BBQ lunch followed by our inaugural production sale starting at 1:00 PM EST. If you are unable to attend in person, online viewing and bidding will be available through LiveAuctionsTV. Please contact us any time with questions you may have about this year's offerings and we look forward to hosting you at the sale.

Sincerely,

Welcome Angus Friends,

We invite everyone to attend the Inaugural Bluegrass Trifecta Angus Production sale to be held at Blue Lake Cattle Ranch on September 22, 2017 at 1:00 pm. Kentucky is recognized as one of the leading Angus states over the years and the tradition continues with new and established breeding programs. Angus genetics are the backbone of the entire beef cattle industry and some of the breed's proven families and sires have originated in Kentucky. We are pleased to be working with Tilden & Kevin Poe with Blue Lake Cattle Ranch, David & Richard Ward & James Ratliff with Ward Ratliff Cattle Co. and Peydon Pelphrey & family with Pelphrey Cattle Company. All offering a tremendous, strong set of Angus females, you will find many of the breed's most proven female families, Rita 6108, Blackcap 6E2, Henrietta Pride 643T, Blackbird 8809, Basin Lucy 3859 offered in this sale.

This sale runs deep with highlights offered throughout! A number of exciting young E.T. heifer calves are featured that provide balanced EPD strength and will be future donors in any progressive Angus program. Lot 1, a direct daughter of Discovery 2240 out of the popular, proven donor, Rita 6108; one half interest offered by Blue Lake Lots 2 & 3, daughters of Rampage OA36 from Pelphrey Cattle we feel meet any breeders genomic & phenotypic demands. A special pair of females consigned by Ward/Ratliff are lots 7B/7C, daughters of Journey 1X74 & Deer Valley All In representing the 643T family. As you view the sale book, note the bred heifers, cows with calves at side, fall calving females, heifer calf pregnancies and performance females offered in this inaugural sale.

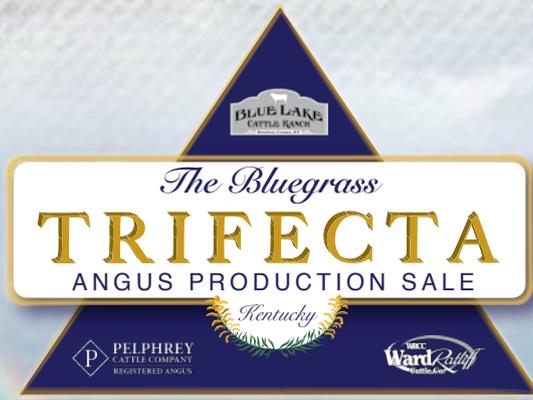

We look forward to seeing you on September 22nd. We will be at the sale site days ahead of the sale and would be pleased to assist you in any way.
