QUESTIONS & ANSWERS FOR PATRIOTIC AMERICANS

Do You Know This Man?

James Warren Jones (May 13, 1931 – November 18, 1978) was an [American religious cult leader](#) who initiated and was responsible for a [mass suicide](#) and [mass murder](#) in [Jonestown, Guyana](#). He considered [Jesus Christ](#) as being in compliance with an overarching belief in socialism as the correct social order. Jones was ordained as a [Disciples of Christ](#) pastor, and he achieved notoriety as the founder and leader of the [Peoples Temple](#) cult.

I recently viewed, again, the mass killing of the people in Jonestown, Guyana. Jones reminds me of some people today. He was a “Pied Piper” for lost sheep that wanted to be “saved”. He used his “power” to make sure that his flock adhered to him and no one else. He “tested” them many times saying that they needed to die for him if needed and over 900 souls finally did.

Some people are too weak to check things out or find alternative moves to make better their lives. When someone comes along and talks - *with authority* - they just seem to latch on without knowing anything about them.

I look at the “liberal movement” the very same way. So many want to follow, but have no idea where they are going. Willing to sacrifice

everything to put their stamp of approval on what they are doing. Willing to even drink the Kool-Aid knowing that it could kill them. AND - in Jones's case - it did.

When "modern day" Jim Jones ask you to swallow their lies and BS and they wanting to be included in the cult, do. No one is as weird as Jones, but some are worse. The only thing they haven't done is ask you to have another cup of Kool-Aid. Drink it up "buttercups". It has a real punch when it gets near the bottom.

Please Pray for him

If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land. 2Chronicles 7:14
