Cattlemen:

Welcome to our 39th Edgar Brothers Bull Sale. We would like to thank everyone for your interest in this year's offering. It is with great confidence that we bring you the most powerful set of bulls we've ever raised. These bulls are bred for performance, structure, disposition and fertility. They are backed by nearly 60 years of breeding. The bulls mothers are nice uddered, feminine cattle that must possess the maternal traits to keep on this ranch.

The new year has brought an upswing in the cattle market that continues to climb. The demand for quality Angus genetics is still obvious in the sale barns. With the recent moisture and the demand for Angus feeder cattle, 2017 could be an exciting time to be in the cattle business.

Once again this year's sale will be held at the ranch north of Rockham. It will be a video sale but all the bulls will be penned directly outside for your viewing. There are many powerful cow bulls in this sale as well as many bulls suitable for heifers. A lot of the bulls are AI sired by many of the top Angus bulls in the breed. There are a handful of full brothers in the offering as well as many half brothers. All bulls have been semen tested and ultrasounded to ensure they work for you. Livestock mortality insurance will be available on sale day. Pick up your bull sale day or within a week of the sale and we will deduct \$100 or leave at no cost until April 15. This year we will be offering a volume discount, 3 = 3% up to 5 bulls or more = 5%. We will be retaining 1/3 semen interest in all bulls selling unless otherwise stated sale day. We will be selling full possession on all bulls in the offering. Make sure to ask us about our discounted semen to all Edgar Brothers customers. If you are looking to AI heifers or cows we have high quality semen for you.

Thank you and hope to see you sale day.

Edgar Bros.

Sale will begin at 1 p.m. – Please bring this catalog to the sale.

Updated carcass and other information along with Sale Order will be available sale day.

Mark and Pam Edgar and Family

Bruce and Leslie Edgar and Family

– Rockham is one of the most powerful Angus bulls we’ve ever raised. He has excellent feet and legs and the look of an old school herd bull. Ratioing 106 weaning and 112 on yearling and is in the top 1% of the Angus breed. For \$W he will see heavy use in our program. His mother possesses all the maternal traits we look for in a cow. She has a calving interval of 343 days. There is no doubt she will go on to be an influential cow in the Edgar Brothers program.

– This calf by Resource is a representation of the efforts of many great cattlemen to breed the most outstanding Angus cattle. Teddy is true masterpiece. He has been evaluated by cattlemen from all over the United States as well as South America and Canada. Everyone who sees him is blown away by his true herd bull presence. Sporting a 715 lb. yearling weight and near perfect feet and bone structure we feel this bull will go on to make a huge impact on not only our cattle but many others. His mother is an amazing granddaughter of the highly maternal Upward 307. There is no doubt his sons will be topping future EB sales.

Sire to Lot 8 SAV Resource 1441
 This multi use breed leader
 sires moderate framed
 high volume cattle.
 He worked exceptional
 on our large framed cows.

- This son of Resource will make the kind of females that breed back year after year and have a mother cow look to them. His Pathfinder dam is a highly fertile cow who absolutely doesn't miss. She records 7 calves in a 365 day calving interval with a weaning ratio of 104.

Most bull pictures were taken in November of last year.

- This pair of flush brothers by Resource and our M031 donor display many Angus breed characteristics such as moderation in frame and extreme base width. Once again they have awesome foot and bone structure which is one of the most critical aspects of a breeding bull. Their mother is a proven donor with 8 maternal brothers that will sell in this sale. These bulls are high in quality just like the many females we have retained in our herd out of M031. Her son by SAV Harvester was the high seller in the 2015 sale and sire to a bull in this sale.

EB R & R 031 maternal brother to Lots 16 & 17. He was the high selling bull at the 2015 EB sale.

MB Antidote Lass M031 donor dam of Lots 16 & 17.

- Absolute Bruiser by SAV Priority out of a first calf Harvester daughter. He is the highest ratioing bull in the sale for ww and yw at 127 and 123. He also posts EPDS that are in the top 1% of the breed and top 1% \$W at 81.6. His mother has a very bright future and will certainly make her mark on our breeding program.

– This group of flush brothers (above Lots 63 & 64) are sired by the breed Legend Barstow Cash and out of our top donor M031. With Cash semen being extremely hard to come by and fairly expensive if you can find it, this makes for a great opportunity at some highly sought after genetics. M031 is no stranger to raising great bulls, she had the high selling bull in our 2015 sale. We have retained many daughters out of M031 and are excited for their future.

– This is as complete of a bull as we have in the offering. If you got to calve his mother you would undoubtedly want to own this bull. She is a model Angus cow that just goes about her business and gets the job done. This son by International is possibly the best structured bull in the sale. It is really hard to let this bull go.

MB Elba 5585 is a maternal sister to Lot 65 by Ultimate Design and was shown at the S.D. State Fair and was Second in Class.
