Welcome Cattlemen!

Welcome to the 40th annual Edgar Brothers Bull sale. Once again we feel we are offering a set of bulls that complement the needs of many different aspects of the cattle industry. Many of the bulls selling are half brothers as well as groups of full brothers. Our sire groups are larger this year than ever before and we feel this is the contributing factor to the depth of quality and uniformity in these bulls. These bulls are bred for performance, structure, disposition and fertility. They are backed by nearly 60 years of breeding. Their mothers are good uddered, feminine cattle that must do their job to stay on this ranch. Once again this years sale will be held at the ranch north of Rockham. It will be a video sale and all bulls will be penned directly outside of the sale facility for your viewing. All bulls have been semen tested and ultrasounded. Livestock mortality insurance will be available on sale day. Pick up your bull sale day or within one week and we will deduct \$100 or leave at no cost until April 15. Once again our volume discount applies at 3=3% up to 5=5%. We will be retaining 1/3 semen interest in all bulls selling but selling full possession on all bulls. If you have any issues with any of your purchases please do not hesitate to call, we will take care of any problems. Thank you and hope to see you sale day.

Edgar Bros.

Sale will begin at 1 p.m.

Please bring this catalog to the sale.

Updated carcass and other information along with Sale Order will be available sale day.

Why Should you Buy an Edgar Bros. Bull?

The average 205 day weight of bulls recorded by the American Angus Association in 2016 was 663 lbs. The average bull calf at Edgar Bros. is 756 at 205. That is a difference of 93 pounds. For the producer that sells right off the cow assuming feeder cattle are at \$1.40 times 93 lbs. that's a \$130.20 per head more by using an Edgar Bull. The average yearling weight of bulls recorded by the American Angus Association in 2016 was 1,162 lbs. The average bull at Edgar Bros is 1,338 lbs at a year, that is a 176 lb difference. Plain and simple purchasing good genetics give you a higher return in the long run. Not to mention the females you will retain out of these genetics.

This is one of the most complete bulls in the offering in terms of phenotype and real world quality. He does not have an EPD profile that blows you away, he has a mother that has a calving interval of 340 days, BW ratio of 99, WW 104, YW 108. We are not about chasing extremes in our breeding program, we like balance and consistency. I think as you go through the pens you will see that in the bulls from top to bottom. That being said we will be using this bull ai to try and continue that consistency.

Lots 24-28

This group of flush mates are as uniform as they come. Their pathfinder mother consistently has calves that are at the top of the offering with 7 sons averaging over \$10,000 to date. She is as fertile as they come and has never missed AI. They have one brother that we will be retaining in our herd for use.

This is one of our favorite bulls, he is flawless in his makeup from the ground up. He is as wide topped, big boned and masculine as any bull in the offering. His mother will be entering our donor program this year and we expect big things out of her. She is beautiful and has an udder that couldn't be made any better. He is in the top 10% in 8 different traits and top 2% for milk and CW.

SEMEN FOR SALE

Ask about our discounted semen to all customers!

◀ **EB Teddy** AAA 18564510

Teddy was the lead off and \$57,500 top selling bull of the 2017 Edgar Brothers bull sale to Poss Angus and Matt Lowery. Teddy has been viewed by many of the top cattlemen in the country and all agree he is one of the greatest Resource sons ever produced. He recorded a whopping 1715 yearling wt and started out at only 79lbs at birth. We are currently getting calves out of him that are coming easy and look to be excellent.

Semen \$30

EB Ten Bears 3175 AAA 18250244 ▶

Ten Bears is a moderate framed highly maternal calving ease sire that has been used in many heifer projects. He is excellent footed great fronted and has a lot of shape for a heifer bull. He is an extreme carcass calf, scanning an IMF of 7.04 to ratio 158 with a 15.7in Ribeye! He is Backed by the great Blackcap May 3175, his maternal sibs sell as Lots 1-4

Semen \$20

◀ **S A V Blackcap May 3175**

Dam of EB Ten Bears 3175

EB Chrome M0129 AAA 18250311 ▶

Chrome is backed by one of our most proven cow families on the ranch. He is a sleep all night heifer bull. His calves are consistently in the low 70s at birth. He was our leadoff and \$20,000 high selling bull of the 2016 sale to Raven Angus. He has been used with great success in many commercial and purbred herds in the Dakotas and Montana.

Semen \$20
