

PE Premium End of Year report 2016

- Rauceby School has received £8,905 of PE Premium funding for this academic year 2015/16. This is to support the provision of PE and Sport for 183 children on roll at our school.
- The funding that we have received has been spent on the following support and activities;
 - Physical Literacy provision for KS1 and Yr 3/4
 - Coaching and co-delivery for Yr 5/6 in specific sports;
 - Pop Lacrosse
 - Tag Rugby
 - Volleyball
 - Netball
 - Ultimate Frisbee
 - PE/School Sport development advice
 - Release time for the PE Co-ordinator or for support staff to accompany the children at sporting events
 - Fitness profiling activity for every child to identify areas of strength and development to be used for future lesson planning
 - Community coaches visiting the school to work with the children to provide after school clubs;
 - Tennis
 - Cricket coaching
 - Multi-skills
 - Athletics
 - Tag Rugby
 - Equipment for the children to develop new athletics skills
 - Change4life activity for children less likely to attend school sports clubs
 - 5 children from Yr 5 via fitness profiling, have been attending a Gifted and Talented Sports Academy at Carre's grammar school
 - Tennis balls for every child to practice their catching skills which was highlighted as an area of weakness across the school in the fitness profiling
 - We hope to be able to purchase the Rising Stars Sports curriculum package to aid teachers with delivery of PE next year.

Achievements

- As a school, we have taken part in 41 competitions out of a possible 45 (more than 1 per week!) organised by the Carre's Outreach team. Only 1 more school in the area has taken part in more.
- All Yr 6 children have taken part in inter-school sport competition
- 112 children (61.2%) have represented our school at inter-school sports competitions – that is a massive 24.4% increase on last year and nearly double the number in 2014/15. This reflects Rauceby's commitment to giving as many children as possible the opportunity to have a go in a competitive sport and is also thanks to a massive number of opportunities that the Carre's Outreach program has offered the school.
- Of those 112 children, 83 are KS2 children which is a fantastic 79%, our highest number ever!

- Success has been achieved in a recent SSP Aquasplash gala with both our Yr 3/4 team and Yr 5/6 team coming second and as a result, both teams qualified for the county Summer School Games competition, as the highest scoring small school.
- Our netball team achieved 3rd place at the SSP netball tournament with 20 other schools taking part as well as having other key wins against local schools and we were invited to take part in the country finals.
- In football, the school team won their mini-league and then came 2nd in the next round. The school hosted a mini tournament of the winners of the mini-leagues and were undefeated!
- The girls Yr 5/6 cricket team won the local schools cricket competition and went on to compete at the county finals, coming 6th overall.
- Our mixed Yr 6 q
- uicksticks team won the local schools competition and went on to represent the school at the county Summer School Games competition.
- 70% of children have attended extra-curricular sports clubs which is a drop of 8.4% versus last year and something for us to focus on next year. But that 70% equates to 128 children who have attended at least one or more after school sports clubs. 90% of all KS2 children have attended at least one club with many children attending 5 or 6 clubs across the year.
- Fitness profiling took place in February and has already helped the school identify those children who are gifted and talented – 5 of whom have been invited to take part in a local area G&T academy, with 10 being given specific support within school. It has also highlighted those children who need Change4life support. The results also highlighted a need for focus on children’s flexibility in Yr 5 and Yr 6. They have received a term’s worth of weekly 10-15 minute sessions, and results have already shown an improvement in every child’s flexibility.
- The school are on track for the School Games Gold Mark for a second year in a row, which highlights our school’s commitment to maintaining last year’s success and the attainment of our KS2 children.
- The funding is being used to train our young Sports Leaders to deliver playground activities which the children are already benefitting from. Plans are already in place for training some Yr 5 young Sports Leaders ready for the next academic year.
- We have had a Rauceby School Games Day, with children competing in their houses within their year groups. Young leaders worked within each class helping to organise the competitions and certificates were awarded to those children demonstrating the Rauceby sporting values. Cathedral were victorious on the day! The events were as follows:
 - Reception – multi-skills
 - Year 1 – Touchball
 - Year 2 – Dodgeball
 - Year 3 – Rounders
 - Year 4 – Netball
 - Year 5 – Volleyball
 - Year 6 - Cricket

- Funding has provided us with the chance to upskill teachers:
 - Yr 3 and Yr 4 teachers have been coached in Invasion Games and Net/Wall games.
 - Yr 2 teacher has received coaching in small sided games and gym work with focus on balance
 - Yr 1 teacher has received coaching on Sending/Receiving

Plans for 2016/17

- To repeat the fitness profiling so that we can measure areas of improvement for each child and re-assess where our focus should be going forward.
- To maintain the high numbers of children representing the school at competitions.
- To look at providing clubs targeted specifically for yr 5/6 girls such as football and cricket to develop their skills and provide a situation where they feel comfortable to learn and take part and encourage their love of sport.
- To provide coaching in new sports such as table tennis where the school have just invested money in new equipment.
- To maintain a high profile for sport in school, evidenced by the retention on the Gold Games mark.
- To identify those children early in the year, who have been less likely to take part in school competition or school sports clubs and provide opportunities to increase their participation and confidence.
- To make all PE lessons 'good' or 'outstanding'.
