Blue Badge Recipients

Blue Badges were awarded this week to the following children:

- Reception: Erin for her fantastic approach to everything
 Jacob for a fantastic paper aeroplane
- Year 1: Archie, Chloe and Emily for their enthusiasm during STEM week
 Mika for his excellent understanding of how he could save Humpty Dumpty
- Year 2: Beau for his enthusiasm during STEM week
 Lilia for fantastic team work
 Summer for making a superb assistant during STEM week
- Year 3: Mrs Godson wants to thank all those who took part in Lincolnshire Show
 this week
- Year 4: Harry W and Josh for their enthusiasm and attitude towards STEM week
- Year 5: Bailey, Kieran and Toby for an amazing power point about RAF 100
- Year 6: Aidan, Ella and Rose for their enthusiasm and participation during STEM
 week. Great to see them leading activities

Well done to all of you. We are proud of the work that you produce and the effort that you put into all areas of school life.

It is a pleasure to give out the blue badges to the children each week, celebrating their successes both in and out of the classroom. It has been great to see the children wearing their badges with pride this week.

Heat Wave

If the forecasters are correct, then next week is going to be a hot one! Temperatures are expected to be in the mid 20's, so please make sure your child has sun cream (ideally applied before school with 24 hour protection), water bottles and hats with them.

Mrs Pepper Success!

Yesterday, Mrs Pepper travelled to Leicester to be awarded with her Higher Level Teaching Assistant Award. For those of you that have been lucky enough to meet Mrs Pepper, you will know how much time and effort she puts into supporting the children. Alongside this, she has been studying with the University of Northampton and has demonstrated her abilities in the classroom to external assessors over the last 12 months and passed the award with flying colours. Well done Mrs Pepper!

The Great Gardening Challenge

10 children from Key Stage 2 travelled to the Lincolnshire show this week to present the work they had completed, as part of our gardening club, for the Great Gardening Challenge.

They designed and built a mini garden to reflect the theme of the famous victory gardens of World War One. The children and Mrs Godson put in so much work into the project and they all thoroughly enjoyed the experience. As you can see from the photos, they did a fantastic job!

Rauceby School STEM/RAF 100 Week

This week has been STEM and RAF 100 week at Rauceby. STEM stands for Science, Technology, Engineering and Mathematics. Our theme has been *flight* where we looked at everything from rockets to the mars to Humpty Dumpty's flight off the wall! Throughout the week the children were involved in engaging and hands on workshops run by the RAF and their partners. We were also lucky enough to be joined by parents who are currently serving in the RAF. These workshops and conversations gave the children an excellent insight into the work that the RAF do, what it means to be an engineer and how STEM is in the world all around us.

During the week the children have built: catapults, planes that can drop supplies, rockets, parachutes, buggies, Lego Robots, bridges and KNEX buggies. The children also designed uniforms, logos, learnt about the RAF's history, riveted pieces of metal together, took part in a military style physical education and made emotive pieces of art work.

It was fantastic to see the children so excited and engaged in science. I was equally impressed by the children's teamwork and leadership skills and resilience when undertaking a new task.

We invite you all to join us on 11th July from 1330 to look at our science exhibition in the small hall. Here you will see in detail the models, art work, written work and photos gathered from this week.

Thank you to everyone who supplied resources for the week.
