

## What Does the Intergroup Do for Member Groups?

By maintaining direct communications with local groups and the ACA World Service Organization, Intergroup facilitates open communication and sharing of ideas.

Currently, Intergroup does this through monthly business meetings and periodic emails. Member groups are asked to send an elected representative to monthly meetings so that each group has a voice in motions and decision-making. *All ACA members are welcome and encouraged to attend.*

Intergroup services include hosting and sponsoring workshops, outreach efforts, providing start-up stipends to new meetings, fielding general inquiries, creating local ACA literature, selling discounted WSO literature, providing speakers, developing and maintaining a website, meeting list and local phone line, and many other efforts.
