TECHNICAL TURF
The choice for turf care

Introduction

Technical Turf is based in Leicestershire in the heart of the East Midlands, enables us to be in prime location for our local, regional and national clients.

We are specialists in turf care and amenity supply services with over 20 years' experience in the turf care and sports surfaces construction & renovation industry. As a business we travel nationwide using our specialist machinery and expertise to renovate, maintain, and construct anything from football pitches to bowling greens to golf courses. Technical Turf offers a unique one stop service incorporating a rapidly expanding specialist machinery hire service and reflecting the growing demand of our clients we are proud to announce the launch of our e-shop and on-site shop in March 2016.

Technical Turf has many more products to offer which are not featured in this booklet that can be found on our online shop at www.technicalturf.co.uk or in our on-site shop in Scalford near Melton Mowbray. We also have the contracting side to our business which you can find out more about by visiting our website, requesting a services guide, visiting our Facebook/Twitter page or contacting us directly.

We are happy to help with any queries regarding our products or services!
