

AWS-COS Event Cancellation Policy

Please understand that these AWS-COS Events are not like dinner reservations that can be cancelled last-minute.

Preparation requires the purchase of special wines and special foods for the attendees. Beyond the cancellation cutoff date your attendance fees are not refundable. Treat your commitment to attend just as you would for any music concert, sporting event or theater performance.

If you discover you cannot attend after the cutoff date for cancellation, feel free to invite someone else to take your place at the event. Please notify our chapter representatives via email (or at least a phone call) that another person will be attending in your stead so we can modify the attendance list.

Thank you for your understanding in this matter.

Sincerely,

Tim Christensen

Chapter Chair
