LIVING FOR FUTURE

Downtown Housing Company
Downtown Residency is designed with an eye for living for the future. If you are a trendy go-getter with a passion for an eco-friendly and sustainable lifestyle, Downtown Residency has been built just for you.

At Downtown Residency, you will have a bio-gas plant to convert waste into electricity – which will light up the streets, common areas and gardens. Your smart home will be secure and connected to your smart phone at all times. And your solar roof will pay your electricity bills by up to 90%.

Going sustainable, however, doesn’t mean you have to forego style. Each individual house at Downtown Residency looks chic and classy. If you want a house which is a mix of practicality and architectural beauty, then again, Downtown Residency is for you.
After the completion of two much sought after condominiums — CityView Apartments and Downtown Apartments — Downtown Housing has ventured into another project of building individual houses.

Downtown Residency comprises 65 individual houses built on a beautifully landscaped compound with ample open spaces, which gives you the feel of living in the midst of nature. The houses have outstanding interior and elegant exterior, which make you want to flaunt them.

INFRASTRUCTURE
The infrastructure at Downtown Residency has been planned and implemented with great care, meaning that there is absolutely no compromise in terms of strength, beauty and decor. The latest technology, with proven earthquake-resistant techniques, are at the foundation of this sleek state-of-the-art design.

FACILITIES
Downtown Residency has beautifully landscaped open spaces for you to stroll on, a temple for religious and spiritual seekers, a separate area for your children to play, a community hall where you can organize functions or activities, and a health club to keep you healthy.

LOCALITY
Downtown Residency lies in the midst of a serene and peaceful locale, looking out to a superb view of the Himalayas. It is located outside the ring road so that you can escape the dust and revel in the greenery, but is easily accessible from every part of the city.
DOWNTOWN RESIDENCY - IMADOLE

Downtown residency has ample open space, a badminton court, health club and community hall. It is a gated community, with 24x7 security. You can forget any worries about drinking water, adequate sunlight and safety – we are here to take care of it all!

AMENITIES

Downtown residency has ample open space, a badminton court, health club and community hall. It is a gated community, with 24x7 security. You can forget any worries about drinking water, adequate sunlight and safety – we are here to take care of it all!

LIFESTYLES

The lifestyle you always dreamed of -- we have perfected that for you at Downtown Residency! You are in absolute command of your life here, because you have desirable commodities right at your doorstep, we take care of the maintenance hassles so that you can lay back and enjoy the amenities, you can relish a wonderful view at the centre of a thriving suburb, and come and go whenever you want into your safe, happy space.

LOCATION

The residency is located in Imadol, known for being a well-facilitated place. You can drive to the city center in a few minutes. You can also reach the city’s premier educational institutions, hospitals and shopping complexes – B&B Hospital, KIST Hospital, Shuvatara School, Rato Bangla School, Ullens School, Bhatbhateni, Salesberry, etc.— in a matter of minutes.

DESIGN

Downtown residency is designed to soothe your eyes, mind and heart. While its alluring designs will appeal to you in the very first look, your mind will rest assured by its safety and security features. The design takes into account maximum sunlight penetration and energy efficiency, along with ease of access and stay.

VASTU

All of the houses are designed adhering to the ancient Hindu system of architecture, so as to integrate the houses with nature and channel energies all around you—solar, thermal, magnetic, wind, light, etc—for your better, healthier and happier life.

DIVERSITY

At Downtown Residency, we ensure that you belong to a diverse, friendly, joyful community – a network of families that takes care of each other like true friends. This diversity of choices in your space and the housing community is just for you to taste the true beauties in differences of life.
The residency is strategically positioned out of the hustle and bustle of the city noise, but still within the reach of all necessities for living. The prominent hospitals, schools, shopping centres, int’l airport, police station, government offices are in a close proximity.
State-of-the-art engineering is employed in the construction of the houses. The houses have a MAT foundation and RCC frame structures, the best structural design combination to make your home completely earthquake safe. Partition walls are made light, to prevent unnecessary weight from falling onto the foundation. The houses are constructed under the direct supervision of qualified and responsible professionals.

INFRASTRUCTURE

YOUR SAFETY IS OUR CONCERN
FINDING YOUR PLACE IN THE SUN

You can enjoy the luxury of two gardens. Different seasonal flowers and trees will be planted in these gardens, where children can play and the adults can spend time basking in the winter sun or take a leisurely walk in the morning or evening.
The living room is the central feature of the house and often the first room your guests see. It is also a place where you relax, spend intimate time with your family or socialize with friends. So, we take care in designing it to reflect your personal taste and aesthetics. Comfortable, airy and well lit with natural light, the living room is equipped with everything you need, from wifi and tv connections.
SMART HOME FEATURES

ENJOY YOUR DREAM TO NIGHT

Bedrooms are the most personal and intimate place in the house, and we at Downtown Residency try to keep your bedrooms that way. In addition, they are spacious, full of natural light and fitted with modern furnishing. They have an attached bathroom, too.
The homes are not only designed to meet the aesthetic beauty but also taken care of how we can make your living more practical and environment-friendly keeping your electricity bills low, at the same time to let you enjoy the nature at its best.

**Large windows for maximum sunlight & heat penetration.** Perfect for winter days for slanted sunlight penetration.

- **COOL AMBIENT ENVIRONMENT**
  - Long projections for summer days to keep your house cool.

**NOTE:** Summer sun rays fall more perpendicular to the ground. Winter sun rays are slanted in nature. Hence, large windows for maximum sunlight & heat penetration during winter days and long projections to protect from direct.

**ENVIRONMENT FRIENDLY LIVING**

At Downtown Residency, we plan to power all common area facilities and lights with **BIO ENERGY**. Waste created from all our houses will be collected and processed through a waste management system to generate energy using environment friendly technology. A Complete waste management system for a greener and healthier lifestyle.
COOK AWAY IN STYLE AND COMFORT

Kitchen is an intrinsic part of your house and a place where you spend a lot of time. So it should be designed for convenience and functionality. It should also look classy, stylish and contemporary. Your modular kitchen combines all these aspects, and you have a service balcony, too!
