Glenwood Chapel

SECRET SOCIETIES AND
THEIR STAINED GLASS

Glenwood Chapel is an architectural marvel, nestled in the beautiful park-like setting of Picton's Glenwood Cemetery. It is a familiar sight to anyone walking in the area, but less well-known are the secrets of its stained-glass windows.

These unique windows, created at the turn of the last century, are filled with fascinating imagery and mysterious symbols. In this book, glass artist Sarah Hall takes you on a tour of the windows, sharing her expert knowledge of the medium as she provides deeper insights into the history and meaning of this fascinating part of Prince Edward County history.

We invite you to step inside...
