

GALA BOOK LAUNCH

Glenwood Chapel

Secret Societies and Their Stained Glass

Join us for an eye-opening launch of the historical guidebook to the stained glass at Glenwood Chapel, with a demonstration of glass techniques and tour of the windows. These one-of-a-kind windows are filled with the signs and symbols of the fraternal societies who donated them in 1901.

In her new book, author and glass artist **Sarah Hall** delves into the history and meaning of the Glenwood windows. Sarah is the first and only woman in her field to receive the **Order of Canada**.

Who's got their  eye on you?

Where has this face been shining for 120 years?

What is a  doing in a stained glass window?

How does the colour get in the glass?

The answers are all in the book!
