*"Do yourself a favor and check out
The Ring of Fire: A Johnny Cash
Experience with Andy Vickers. If you
want to see the real deal....look no
further, they are certainly it."*

**-WS Holland; Drummer for
Johnny Cash 1960-1999**

Busting foot lights, surpassing expectations & delivering over 30 songs during this 2 hour spectacle is second to none. While producing the highest level of excitement and energy, Andy Vickers and the 4 other high caliber musicians involved bring true life to the music and style that made the world love Johnny Cash. With the group being younger than most, they emulate the golden era of Johnny Cash in the 50's and 60's. As tribute artists, they're able to bring a unique edge that's attracting the next generation of Johnny Cash lovers and encourages even the most mature fan to wander down memory lane.

The group's repertoire ranges from the "live versions" of Cash's songs that started a new genre in music like I Walk the Line, all the way to the most recent music like Hurt & others from the American Recording albums to the incredible posthumous records that Cash fans may not have discovered yet. People all over Canada can't be wrong about The Ring of Fire! Visit the testimonial page on our website to hear what they're saying.
