2018 Farm Products

Pre-purchases end May 1, 2018

Thank you for your interest in our farm.

This season we are excited to offer a couple new options for you when purchasing your produce from us.

The first is our Farm Dollars. Farm Dollars are geared to those who know they would like to get larger amounts of produce throughout the summer but don't necessarily want to commit to a weekly basket of produce. You purchase Farm Dollars up front like you would a CSA. But when and how you spend them is entirely up to you. Farm Dollars are good for any of our produce, eggs, canned goods, fresh salsa & pickles, baked goods or plants. They can be used at Molalla Farmers Market, Thomas Creek Field, Snowline Farm, Oregon City Drop Off or at NV Feed if you are meeting me there. If you get to the end of the season and still have Farm Dollars left they can be used to purchase Christmas Trees and Greenery. The only things Farm Dollars can't be used for is our CSA Baskets, Canning Shares or Hanging Weight Beef. Farm Dollars will expire on December 31st of the year they were purchased. Farm Dollars are issued in \$20 certificates, but we will keep track of what you have used so you don't have to spend \$20 at a time.

Also this season we are offering prepurchased canning vegetables. This is a huge bargain for those of you who like to can. For \$110 you will get between 100-125lbs of canning vegetables. The majority of the vegetables is cucumbers and tomatoes, but beans, peppers, tomatillos, cabbage and squash are also included. Vegetables that are of similar value are interchangeable. You can switch out tomatoes for more cucumbers if you like or take a few less beans and a few more pounds of peppers. Contact us for a more complete list of interchangeable vegetables.

We are still offering CSA Shares. This gets you a customized basket every week of Molalla Farmers Market, 2 baskets that are picked up after the market is over and a Christmas Tree during our U-cut season. CSA Shares will at times get vegetables that are not available to everyone else. Those first few berries or ears of corn? Not enough to sell at market but enough for our CSA Shares to get some.

CSA shares, canning vegetables and Farm Dollars can only be purchased through May 1st. Our hope is that by giving you a great deal on some amazing vegetables we can encourage you to invest in our farm (and your health) at a time when our income stream is low and the bills high. Springtime is when we purchase all of our seed and tools for the growing season. But we don't get a return on that investment until well into summer. It seems that no matter how good we plan there are always unexpected expenses to cover. This season it is adding the tools that will enable us to grow down at our new Thomas Creek Field on Dart Road.

2018 CSA Contract

CSA Brief:

A CSA is a cooperative relationship between the farmer and subscriber. As a subscriber you share in the risks and rewards of farming. Some years we may have bumper crops of certain vegetables (zucchini) and other years we may have shortages of certain vegetables (probably not zucchini). We open our farm up to you to come explore, learn and enjoy. Spend some time at the farm, we can show you a few great picnic spots and wild berry patches, let the kids (or you) dig around in the dirt or help with some of the chores. What we consider the mundane feeding chores is a great time for kids who don't get to do these things every day. By becoming a part of our CSA it helps to support our family farm so that we can continue doing this work we love. It also allows you to get to know your farmer, how your food is grown and ensures that you have of the freshest produce possible.

CSA Agreement:

The CSA subscription for the 2018 year will run from June 7 to October 11. Subscriptions also include a Winter basket (weather permitting) with a Christmas tree (up to 6' tall). The first few baskets will be light but you can also get plant starts instead of vegetables. This season we will also have canned goods and an occasional baked good as an option for your baskets. Your subscription also includes 10% off all additional purchased produce.

By signing below and paying a deposit for your share, you commit to participate in Snowline Farm's 2018 CSA season and agree to abide by the policies below. Snowline Farm will deliver a weekly basket of assorted freshly picked produce to the drop location of your choice. It is your responsibility to properly wash all produce before consuming. If you wish to discontinue your subscription you are responsible to find a replacement for your subscription or forfeit your share.

During the Summer subscription season there may be a basket that will need to be picked up at the farm. We will give advance notice of at least 2 weeks for the date that this will happen. This is so we can take a week off for some family down time away from the farm. If you will miss a basket you can make it up at another market pickup. If you miss multiple baskets we may not be able to make up all of the produce.

As your farmer, we agree to do our best to provide you with a wide variety of produce. There may be conditions beyond our control that result in the failure of some crops. We will make every effort to ensure that you receive a fair amount for your subscription fee. Our farm is open for you to visit at any time we are on the farm and working. Snowline Farm is a working farm, please be aware of the risks and dangers of a working farm. You as the subscriber agree to hold harmless Snowline Tree Farm for any injuries sustained while visiting the farm.

I agree to participate in Snowline Farm's 2018 CSA subscription season. I have read and agree to the above policies and am willing to share in both the bounty and risks associated with the 2018 harvest.

2018 CSA Registration

Any Food Allergies (we will not put these items in your basket) _____

Any Dislikes (we will try to avoid these, but cannot guarantee replacements) _____

Check our farm blog at www.snowlinefarm.com for updates or if you miss a weekly newsletter. Links can be found on the farms facebook page. Like us to keep us with all the latest farm updates.

Canning Shares

Most of vegetables will be: **Cucumbers (30#), Beans (20#), Tomatoes (40#), Peppers (5#)**

also available: Cabbage (2-3 large heads), Tomatillos (up to 15#), Squash (4-6 large including zucchini)

Amounts are approximate: Some vegetables can be exchanged. Cucumbers, Tomatoes & Tomatillos can be changed out for each other. Peppers and Beans can be changed out with each other.

Canned Goods

We occasionally will include a jar of jam or some home canned produce in your baskets. These products are produced in our home kitchen, not a licensed kitchen. You have the option of not receiving these products.

Do you want any home canned produce? **Yes** **No** (circle one)

2018 Produce List

This is not a complete list, we may add, delete, or change specific items.

Herbs: Mint, Rosemary, Basil, Dill, Oregano, Sage, Lemon Balm, Thyme, Chives,

Flowers: Way too many to list, but we will try to include a bouquet when possible.

Fruit: Strawberries, Raspberries, Cascade Berries (blackberry type),

Misc: Gourds, Corn Stalks (for decorating), Eggs (as we have extras, not guaranteed every week)

Vegetables:

Greens: Cabbage (several varieties), Bok Choy, Spinach, Chard, Lettuce (several varieties), Kale, Mustards, Kohlrabi, Broccoli, Cauliflower, Sweet/Snap Peas, Celery

Squash & Pumpkins: Variety of Summer Squash, 5-7 types of Winter Squash, 5-6 types of Pumpkins, including ones for decorating and eating

Cucumbers: Pickling Cucumbers, Lemon Cucumbers, Slicing Cucumbers, Asian Cucumbers

Corn: 2 or 3 varieties, yellow, white and bi colored.

Tomatoes: Cherry, Slicers, General Purpose, Canners, Tomatillo, Ground Cherry

Peppers: Hot, Sweet, Mexican varieties, picking peppers and a few super hot.

Eggplant, Okra & Melons: Two or Three Varieties These are iffy crops for us, we try but don't always get some.

Beans: Green, Romano, Yellow Romano, Rattlesnake, Yellow, Purple
