

17 October 2017

Dear Applicant,

Thank you very much for showing an interest in the post of Science teacher at The Grove School. If you choose to apply and are successful, you will be joining the School at a very exciting time and will become part of an enthusiastic and highly professional team dedicated to school improvement and raising the aspirations of the young people in our care.

I joined The Grove in September 2014 and absolutely love the School. The staff are dedicated and energetic; the students are hard-working and welcoming; the parents and carers are honest and supportive and the governors are committed and enthusiastic, all of which contribute to a very positive, dynamic culture.

The Grove received our Ofsted inspection in October 2015 where inspectors recognised the rapid improvements that have been made since the last inspection. Leadership and management, behaviour and safety and post-16 provision were all commended. Since then the School has grown ever stronger as we continue on our journey to excellence. From key stage 3 through to a variety of key stage 5 pathways there is a shared vision that every child has the potential to succeed, with a keen focus on reward through effort.

Students are at the centre of our thinking with our main aim being to ensure every child maximises their potential and makes the most of the opportunities offered to them.

I am looking for an energetic, enthusiastic and dedicated Science teacher to help us reach our ambitions. You will be able to demonstrate high impact in the classroom as well as having excellent organisational, communication, and IT skills.

There is much more information about our school on the website and of course on the DfE performance tables. Do take this opportunity to find out as much as you can.

Having read this, I hope you will apply and I look forward to reading your application. If, however, you decide that this post is not for you, I wish you the very best of luck for your future.

To apply, you need to complete the application form. The documents are available from our website www.grove-school.co.uk or alternatively contact Gail Beath at gail.beath@groveschool.net

My very best wishes,

Mrs Sonia Taylor | Headteacher
