

Re: 1-1 Device Update

Dear Parent / Carer

We are really pleased with the success of our 1-2-1 devices and have received a number of requests from parents regarding the possibility of purchasing Chromebooks prior to Christmas. We have therefore liaised with our programme partner FreedomTech to re-open the ordering portal to enable you to purchase a device in time for Christmas.

In light of this very short time frame, it will only be possible to offer an outright purchase option to enable delivery for the Christmas holiday. There will, however, be a further opportunity in January 2018 to join the programme and make use of the structured payment option should you wish to.

It is really encouraging to see so many parents considering purchasing a Chromebook for Christmas, and indeed what better gift than a device which will enhance your child's education?

Please find enclosed the latest flyer which details the Chromebook options and what is included in the price. This offer is being made available to all year groups following the successful trial of the programme within year 9.

The ordering portal will be open from Monday 27th November and will close on Wednesday 6th December 2017.

To place your order go to –
