

## Mains Power protection Solutions

---

“ Mains Protection + Mains Backup = Complete Protection “

### Mains Protection

- Phase: Single Phase
- Current Type: AC
- Purpose: Voltage Protector
- Max Power: 30 Amps
- Wait Time: 30 Secs
- Under Voltage: 185v
- Over Voltage: 265v
- Frequency: 50/60Hz
- Nominal Voltage: 230v
- Certificate CE, ROHS

- 1500VA
- DC Cold Start
- Audible Alarm
- USB Connectivity
- Intelligent CPU Control
- Wide Input Range
- Strong EMI Compatibility
- Phase: Single & GND
- Voltage Range 100 – 240
- 3 x IEC Sockets
- 3 x UK Sockets

### Mains Backup
