

The Open Door

To: Family/Guardians

Subject: Curb to Curb Policy

From: Transportation Department, The Open Door of NJ

Here at The Open Door of New Jersey, we provide what's called **Curb to Curb Transportation**.

Curb to Curb Transportation is simply picking up the designated consumer, and safely dropping them off at the main street of the designated address provided, (not in the driveway). This simply means that under NO circumstances is any Driver to be walking any consumer to the door of a Group Home or Residence. It is staff or the families' responsibility to meet each consumer at the curb. Also, each Driver MUST see a home representative before attempting to leave or depart from that residence or Group Home.

By signing in the box to the left, I understand and acknowledge the Curb to Curb policy. I will assist with my loved one(s)/consumer(s) in and out of The Open Door NJ's transportation vehicle from the main street.

By signing in the box to the left, I understand and acknowledge the Curb to Curb policy. However, my loved one(s)/consumer(s) needs additional supports getting on and off the agency's transportation vehicle. I am giving the Transportation Driver consent to park their vehicle in the driveway at the following residence:

Parent/Guardian's Name (PRINT)

Consumer's Name (PRINT)
