My support is for Colleen Whitlow for Mayor of the Town of Mead

I served on the Town of Mead Board of Trustees with Colleen from May 2016 – May 2018. I believe she brings integrity and honesty along with great leadership skills to the Town of Mead. She has a great ability to remember town meeting agendas and the decisions, resolutions and ordinances made during those meetings. She does her due diligence when reading her meeting packets or researching other topics that may come up at town meetings. She still attends the town board meetings to keep up her knowledge base on the important topics and issues facing the town. I am endorsing Colleen, because I believe she has the welfare of the citizens and the town at heart. She has involved herself in many areas of the town to show this commitment. She spends time with her husband and granddaughters involved in activities provided by the town. She is very active in the VFW to help and honor our Veterans and active duty military personnel.

Debbie Brodhead

Current Town of Mead Trustee
