

WHAT MEAD NEEDS
INTEGRITY HONESTY COMMITMENT

Dear Mead Residents,

I would like to take this opportunity to do something that I do not often do, make a personal endorsement. I am proud to endorse Colleen Whitlow because she has the experience, knowledge and involvement in this town that I believe will take us in the right direction. Colleen is well-known in the area and has great working relationships with our neighboring towns. She is a proven and effective leader that takes the time to listen to people.

Our town is at a crossroads and the actions taken next will determine our course and potential repercussions if we do not have the right leadership in place. I have watched and been involved with Colleen for many years now and have sat on several boards with her. She is thoughtful, articulate, and does her homework to understand all sides of an issue, both pros and cons. Colleen is always encouraging residents to voice their opinion before any decision is made.

We can no longer stick our head in the sand and think our town will stay the same. Bottom line is growth is happening all around us. We cannot stop growth, but with Colleen's great vision and her experience in government, she can help us manage the growth responsibly. She is fiscally responsible and truly understands what it takes to bring the right people to the table for what Mead needs.

I highly encourage you to check out her mayoral candidate Facebook page ([ColleenWhitlowForMayor](#)) and ask her any questions you may have. Or come to one of the events in town where she will be listening to concerns and answering questions from residents.

Sincerely,

David A Adams
Mead Town Trustee
