Your safe kitchen solution

The integrated system

- Totally sealed, hygienic system
- Impervious, non-absorbent and washable
- Withstands extremes of hot and cold temperatures (+60°C to -30°C)
- No shedding of loose particles from flooring or wall cladding means no contaminants in the food
- Coved junctions between wall cladding and flooring creates an impermeable seal, which is easier to keep clean
- Sound investment – designed to maintain performance and retain appearance for up to 20 years
- HACCP approved
