English Social Studies - Grade 3 – Final Exam Revision Sheet – term 2

Name :..... -

Date: Monday 17 / 3 /2019

Required Materials

- **Chapter 4 : Changes Through Time :**
 - Lesson 1 (How Old is Planet Earth ?).
 - Lesson 2 (Transportation).
- **Chapter 5 : The World Around Us :**
 - Lesson 1 (Life In Different Places).
- **Revision Sheet .**

(section one) : write the correct type of each of the following means of transportation (land , air or water transportation).

1. Riding a camel : (.....).
2. Flying in a balloon : (.....).
3. Traveling by ship : (.....).
4. Driving a car : (.....).
5. Crossing the river by boat: (.....).
6. Traveling by airplane : (.....).
7. Traveling by a train : (.....).
8. Walking from place to place : (.....).
9. Riding a bicycle : (.....).
10. Coming to school by bus : (.....).

(section two):

Write (T) if the sentence is true . Write (F) if the sentence is false . Then correct the false sentences .

1. When the wheel was invented , transportation became difficult . (.....)

.....

2. Modern cars are very slow . (.....)

.....

3. The first trains that were invented were very fast . (.....)

.....

4. The caveman used cars to move from place to place . (.....)

.....

5. Modern airplanes carry a lot of people . (.....)

.....

6. Arabs built boats called Dhows . (.....)

.....

7. The first bicycles that were invented were without pedals (.....).

.....

(section three): fill in blanks with the correct word

Geologists - Transportation - Invention - Subway

1. when someone makes something new that no one has made before , it is called
2. is the means by which people travel from place to place .
3. Trains that travel under the ground are called
4. are scientists who study the Earth .

(section four): complete the following sentences correctly .

1. There are continents in the world .
2. Name three continents
3. There are oceans in the world .
4. Name two oceans :
5. The largest continent in the world is
6. The largest ocean in the world is
7. Geologists believe that the earth is about old .
8. All the continents were joined in one huge piece of land called
9. Long ago , all the oceans formed only one huge ocean called

***(section five):* read the following passage then answer the questions below.**

My name is Ahmad . I live in Bahrain . My father builds boats called Dhows . When I grow up , I want to work in Pearl fishing . I speak Arabic . It is very hot in summer but during the winter the weather is not very cold .

1. Where does Ahmad live ?
2. What does Ahmad father do ?
3. What language do people speak in Bahrain ?
4. Describe the climate in Bahrain ?

***(section six):* answer the following questions.**

A. List the three types of transportation .

.....
.....
.....

B. What is the difference between sailing and aviation ?

.....
.....

C. How Geologists know that all the continents were joined together ?

.....
.....

The end

Answer key

● **Section One :**

- 1- land transportation . 2- air land transportation . 3- water land transportation .
- 4- land transportation . 5- water transportation . 6- air transportation .

- 7- land transportation . 8-land transportation . 9- land transportation .
- 10 – land transportation .

● **Section two :**

- 1- F (it became easier). 2- F (very fast) . 3- F (very slow) .
 4- F (the cave man used to walk) . 5- T 6 – T 7- T

Section three :

- 1- Invention . 2- Transportation . 3- Subways. 4- Geologists

● **Section four :**

- 1- seven . 2- (Asia , Africa , Europe) . 3- five. 4- Pacific Ocean and Atlantic Ocean .
 5- Asia . 6- the Pacific Ocean . 7- (4, 600 million years) .
 8- Pangaea . 9- Panthalassa .

● **Section five :**

- 1- Bahrain . 2- His father build boats called dhows . 3- Arabic language .
 4- It is very hot in summer but during the winter the weather is not very cold .

● **Section six :**

- A- land transportation , air transportation and water transportation .
 B- aviation : is traveling through the air . sailing is traveling through water .
 C- there are two reasons :
 - The edges of the continents match .
 - Similar animals live in different continents .

Summary

Lesson 1 (How Old is Planet Earth ?)

- There are **seven continents** and **five oceans** .
- **Geologists** : are scientists who study the Earth .

- The Earth is about **4,600** million years old .
- All the seven continents formed one big land called **Pangaea**
- All the five oceans formed one big ocean called **Panthalassa**.
- Geologists believe that **Pangaea existed for two reasons :**
 - 1- **the edges of the continents match .**
 - 2- **similar animals live on different continents .**

Lesson 2 (Transportation)

- **Transportation** : is the means by which people move from place to place .
- There are *three types of transportation* : (**land, air and water**) .

1. Land transportation :

- The caveman had to **walk** to move from place to place.
- Then , people **rode animals** such as for transportation .
- When **the wheel** was invented , transportation became **easier** .
- **Invention** : is to make something new that no one has made before .
- The first bicycles that were invented **didn't have pedals** .
- The first trains that were invented were **very slow** .
- Modern cars are **very fast** .
- Trains that travel under the ground are called **subways** .

2. air transportation :

- man first flew in the sky in a **balloon** .
- then people invented the **airplanes** .
- modern air planes **carry a lot of people** .
- traveling through air is called **aviation** .

3. water transportation :

- long ago , Arabs built boats called **dhows** .
 - modern **ships** and **boats** are big and fast .
- traveling through water is called **sailing**

GOOD luck
