Brighter Tomorrows Consulting Presents: **Effective Play Therapy Interventions for the ADHD Client**

Come learn a cognitive-behavioral approach that will help you help your clients develop compensatory skills to engage, stay engaged, and become task-oriented. This workshop is appropriate for parents, teachers, school counselors, community counselors, and other helping professionals working with this population.

This approach is grounded in current, evidence-based research that will help minimize depression, school/social or generalized anxiety, and oppositional/resistant behaviors. It is structured toward success and positivism for the client, family, and counseling relationship. CBT is the one of the most effective strategies for treating ADHD and will enable the counselor and client to see positive results quickly. Come join us as we learn fun, effective strategies to combat ADHD and promote client self-efficacy.

Facilitated By:
Shannon M. Eller, LPC, LMFT, CPCS, CCS, RPT, CCAADC, CCDP-D
AAMFT Approved Supervisor

Brighter Tomorrows Consulting been approved by NBCC as an Approved Continuing Education Provider (ACEP No.: 6626). Programs that do not qualify for NBCC credit are clearly identified.
