BRIGHTER TOMORROWS CONSULTING PRESENTS  
“Trauma, Grief, & Loss”.

**This workshop is designed to assist clinicians with the development of practical, effective, integrative interventions to deal with trauma, grief, and loss. Many clients experience depression, anxiety, and hopelessness when confronted with traumatic experiences resulting in death, divorce, debilitating illnesses, or significant loss, after math of trauma, grief, and loss issues. Included will be specific counseling strategies to address the unique needs clients with trauma, grief, and loss issues, with emphasis on designing interventions and treatment goals specifically targeted to enhance progress in therapy. In this workshop clinicians will learn techniques to assist clients work through the stages of grief, deal with the trauma, and move forward into more prosocial, proactive management of their own lives. The training includes both research-based academic foundation for grief and loss presenting problems, as well as clinically appropriate techniques**
