## MUSTANGS AND CLYDSDALES IN NEW HAMPSHIRE

At a gathering in Merrimack, New Hampshire over Labor Day weekend some of the finest examples of Mustang perfection in the country came to the Granite State Grand National at the Annheuser-Busch Brewery, sponsored by the Mustang Car Club of New England. This is a Mustang Club of America-sanctioned event with the high-level judging that goes along with that. John Haugrud was there as a judge and Dean, Elizabeth and Race Cofer were there as spectators. Here are a few highlights of the show. Thanks to John and the Cofers for their photo submissions. By the way, are you an MCA member? If not, you should be!

They came from all over

The grass parking was great!

John and his judging team with a VERY rare 1969 428 Cobra Jet convertible.

A Dean Cofer photo bomb!

Pretty nice digs, if you're a Budweiser Clydsdale

Entrance to the horse barn. Looks like a hotel!

Some are there for the cars; some are there for the beer!

Who's the new family member, Elizabeth?

## DVMA DISPATCH

We recently had visitors stay with us, my wife's niece and her husband, both in their mid-thirties. I asked them if they had seen the new Bullitt car that just came out? They gave me a very puzzled look and obviously had no idea what I was referring to. I then asked if they'd ever seen the original Bullitt movie which, of course, they had not. I went on to describe the movie that contains the greatest car chase scene *ever filmed*. Well, if you are a Millennial or Gen-Xer who has never seen the movie, or are a fan and want to experience it on the "Big Screen" again, then you're in luck. Several theaters in the Bay Area, in honor of the film's 50th anniversary, will be having a limited showing and several of us are going to pay homage to Steve McQueen and the mighty Bullitt car on October 9 at 7:00pm at the Century 16 in Downtown Pleasant Hill. There is reserved seating available (recommended) through Fandango website or [fathomeevents.com/events/Bullitt-50th anniversary](http://fathomeevents.com/events/Bullitt-50th-anniversary). Several of us will be enjoying our popcorn while Steve McQ careens through the streets of San Francisco. Come and join us!! Some of us will be going for a quick dinner before the movie somewhere down in the Pleasant Hill Crescent area at 5:00pm. Call me at 925-787-4476 to let me know if you'll be joining us for dinner.

Personally, I have seen the movie 6-10 times. One of my restoration customers had a Bullitt reproduction Mustang that had been assembled by another restorer but not as true to the original as the customer wanted. I spent a lot of time looking at the movie clips in an effort to make his Bullitt car completely correct. Interestingly, if you look carefully at the movie, you will notice NO Ford badging or company logos anywhere on the Bullitt Mustang. I believe that Ford has just put new life into the popularity of Mustang by releasing the newest edition of the Bullitt legend. Interested in owning one? Our good friends and club sponsors at Bill Brandt Ford can make it happen! See you at the movies or at our next meeting at Fuddrucker's on October 10 at 7:00pm.

## The One and Only Original Bullitt Mustang

So what would your answer be if Harry Davis called you up and said "I've been invited to an exclusive event put on by a group of car owners that includes a cocktail party and hors d'oeuvres and a chance to see the *original* Bullitt car used in the movie and a preview of the brand new 2019-version of the Bullitt. Want to go?" Well, of course I said YES and on July 31 Karen & Harry Davis and John Haugrud set off for Burlingame to what's known as the Toy Box. It is a space that has been converted into a showplace for a group of wealthy collectible and exotic car owners to show off their various "toys". They had somehow gotten hold of the original Bullitt car and had it on display. Most of you know the story of the re-discovery of the only remaining Bullitt car that has been in the same family for over 40 years and they used it as a daily driver for several years after they acquired it in the mid-70s. They really had no idea about its value at the time they bought it and reportedly paid about \$6000 through a classified ad in Road and Track Magazine. It's now worth an estimated \$4-6 million! It has never been restored and the paint and interior are showing their age, but what a thrill to see this amazing piece of movie and Mustang history!

DVMA Installation Dinner

El Tapatio, Pleasant Hill CA

September 22, 2018

There were 18 members at the DVMA Installation Event held indoors at El Tapatio in Pleasant Hill, CA. Past President Harry Davis and President John Haugrud welcomed everyone.

After a fun and excellent buffet dinner, John introduced and thanked all 2017-2018 Board members for their involvement and dedication in the past year. Those Board members present from the 2016-2017 Board included Harry Davis (President); Karen Davis (Secretary); Dwight Moreland (Treasurer); Hugh Blackwell (Board member); Roger Davis (Board member); Ed Guldner (Board member and Membership); John Haugrud (Tour Coordinator and Past President); and Anne Haugrud (Newsletter editor).

John introduced and welcomed all Board members for 2018-2019 year beginning Sept 1, 2018.

The incoming Board members for 2018-2019 in attendance included John Haugrud (President); Harry Davis (Past President and Vice President); Karen Davis (Secretary); Dwight Moreland (Treasurer); Bobby Hubbell (Board member); Ed Guldner (Board member and Membership); and Anne Haugrud (Newsletter editor).

DVMA members and guests included Kristen Guldner, Sally Blackwell, Barbara Moreland, Christopher Theodorou, Lisi Denis, Frank Rowland, Frances Davis, and Rusty and Marlene Hill.

Raffle prizes were won by members present, including Hugh Blackwell, Sally Blackwell, Dwight Moreland, John Haugrud, and Bobby Hubbell.

The Cam Shaft award is now a tradition with DVMA, and Ed related a brief history of how it all started. A member donated the shaft to be used by someone, and then someone won it as a prize but returned it because it couldn't be used, and then it became part of prizes to be won. Along the way Harry won it but didn't remember, and Don Williams spent a great deal of time and effort trying to find it because he thought he should have it, although Harry had it but didn't remember he had it. You know the rest – A second one had to be purchased.

And then the CAM SHAFT Award – both cam shafts were present. The first raffle ticket pulled belonged to Frank Rowland. Harry did not want to win the second cam shaft, and the second ticket was pulled! The winner – Karen Davis. Harry will have to store it till next year! Both of those autographed cam shafts will appear at next year's Installation Picnic.

The next DVMA meeting is Wednesday, October 10.
