I hope everyone has stayed healthy and warm during the January cold weather.

Cabin Fever, the first of our rally activities will occur on February 4 – 6 at Deer Creek State Park Lodge. Our own Gary and Karen Ballou will be competing for District Couple of the Year. I hope that many of you can join in the activity there. With Cabin Fever occurring on the first weekend of the month, our February gathering will be on the next weekend, February 13<sup>th</sup>.

At the February gathering we should begin to prepare for the April gathering when we will be hosting the State Officer's Meeting at our gathering location. We can expect approximately 150 chapter officers and state staff to be in attendance. Karen Ballou is lead volunteer on the lunch preparations will need to be made. The chapter members will need to support her efforts. This will probably involve members staying to help serve the lunch and do some cleanup.

Sue Gundy has undertaken the task to update the Chapter Directory. New pictures will be taken during the next several gatherings and phone numbers corrected. Please be sure to wear your chapter colors and vests, if you have one for the picture.

Winter

Whoa, winter is here! I know because I got to stand out in it. January 12th I stood out in the short blizzard and snow showers that hit Grove City. It makes me wish I was on my trike somewhere else. But I am not, so I sit here at home in the warmth and dream about the fun rides our chapter has planned for the Bees. We have events planned throughout the year: winter, spring, summer, and fall so check your printed list or the Bee Web site for those events and come out and join the hive of Bees to have some fun. The Bee family, Hive, can only survive and grow, if every Bee participates in the fun so we can show how much fun we can have. When that happens maybe we can recruit more Bees to ride with us. Think about it Hive members.

## **COUPLE OF THE YEAR 2015**

### **Bill and Esther Ford**

We visited Chapter Y's gathering in January. It was a fun evening; however there were several people absent due to illness. We hope everyone is feeling better. We can catch up at Cabin fever. We were entrusted with a stuffed (?pelican?). Her name is Roxie; she is supposed to travel with us everywhere until we pass her to another Couple of the Year. This was totally unexpected; we had never heard of Roxie before. We have a Bee costume for a small dog, (thanks to Kay Peters). Sooo we outfitted Roxie with it. We are hoping to pass her off soon.

## **INDIVIDUAL OF THE YEAR 2015**

Ken Daft

Individual: Strange! I have never really thought of myself as an individual, but rather a part of a greater whole. Yes, I know the importance of the designation in B3, GWRRA, yet this is a position I never thought about. With B3 I have the position. Thanks! Yet I am not an "individual" when it comes to being around many fine and "biker-worthy" friends. People are not "joiners". Why? We were made in the image of God (my pastor hat now on!) and if God is anyone, He is a Being of relationships. We were created for intimacy and with connection together. Without these, we would NEVER be satisfied because it's in the nature of each one of us to seek companionship with others. It's a part of our DNA! So there are really NO individuals. We're all glued to someone else in some measure and in some way. No wonder Facebook has been and continues to be so successful. Ask me to ride along with B3, and I want to do that. Take a ride by myself? Yes, we all do that from time to time. But it's nothing like riding "together."  
So, come ride with US!

## New Member profile

Robert and Pam Vogel of Pataskala bought their Honda VTX1800 from members Michael and Deb Plumb. Previous motorcycle owners, but just recently purchased this one in 2015. Drove truck for FED EX Custom Critical for 5+ years as team drivers cross country (hit every state except N Dakota/Hawaii/Alaska) no time to ride. We love to ride backwoods and country views: Taking the trip with Bob Sestito, Tim Connor and Mike Plumb and their wives to Pigeon Forge in August 2016. Looking forward to many more rides with the B3's. Since we both still work, working our rides into our time off is difficult, but worth every effort to live and ride the dream. Plans are to get a GOLDWING/trike in the future is our dream. Found the B3's through Bob Sestito and Mike Plumb, as we all work with the City Of Columbus. We are both outside people and love nature. Our kids are all four legged and furry. We are from northern Ohio but currently calling central Ohio home.

## MEMBERSHIP ENHANCEMENT PROGRAM

### WHAT ELSE IS THERE

Why did you join GWRRA????? That is a question we all get asked from time to time. While many of the answers revolve around riding and the fellowship of Chapter life (which is the part I like the most), there are many who join for other reasons. Which spawns the question, are you getting the most out of your GWRRA membership???? How long has it been since you checked out the ever expanding list of benefits available as part of your membership in GWRRA???? There are many ways being a member of GWRRA can save you money -- and not just when travelling. Do you mention having taken GWRRA rider courses when you renew your bike insurance????  
(Continued on next page)

Many companies will give you a Discount for keeping those current. And speaking of insurance how many of you are paying for roadside assistance as an addition to your bike insurance premium???? We get it for free as part of our GWRRRA membership, so you can eliminate it from your bike insurance (if you have Rescue Plus you can remove roadside assistance coverage from your car insurance as well). There are discounts on life, health, and long term care insurance, cell phone plans, office supplies, and other non-travel related purchases. When traveling, do you have the GWRRRA discount information on lodging, car rental, or even cruises???? Have you taken advantage of the GWRRRA rip planning services???? Many of the benefits are described in the "Officer Handbook, however I recommend going to the "Benefits" page under the "Members" tab of the [www.gwrra.org](http://www.gwrra.org) for the most current listing. The more money you can save by taking advantage of the discounts offered to GWRRRA Members, the more money you will have available for participating in GWRRRA events or purchasing that all important "SAFETY CHROME" .....

THE MOR YOU KNOW THE BETTER IT GETS!!!!!!!!!!!!!!!!!!!!

PLEASE REMEMBER THE FOLLOWING:

Bob DeLong- Health issues.....

Pat & Ed Richards- The passing of Pat's brother and Ed health issues.....

Remember the family of Frank Shoemaker, as he has passed.....

Should I have missed someone, please let me know.....

### MOTORIST AWARENESS DIVISION Karen Ballou

**It's February - yea?**

What can one say about February in Ohio? It is challenging, maybe...it is pretty, and sometimes...it is cold, most definitely...

I think you would say...YUCK! (but I love the snow, so pretty)..I heard that. I happen to love and need four seasons a year and this is just one of them. Only 25% of my life.... Seems a fair trade...  
(Continued on next page)

But remember that February is close to April and in April the motorcycles emerge from hibernation to bring fun on the road back to our world.

In the meantime, we must move ourselves from place to place on four wheels (and window wipers and heaters) and dodge the speeders who are immortal and bulletproof, in the street was and work on those budding ideas for the next riding season.

Enjoy your February, drive very carefully and remember to join us at Cabin Fever, Feb 5-7 at Deer Creek State Park. And any motorcycles out in Ohio now, ARE CRAZY PEOPLE...Avoid them!!!

I am going to go get WARM now. !!!

## RIDER EDUCATION Gary Ballou

Rider Ed for February 2016

*As I sit shivering at my desk, it seems appropriate to remind us of one of the winter hazards we don't always think about. This "timely" article comes to us courtesy of Keith & Elaine Price Region B CPR/FA Trainers. It appeared in the February 2015 Region B newsletter.*

### ***Frostbite!***

Hypothermia is not the only environmental danger that you can encounter this time of year. Frostbite, although not as immediately life-threatening as hypothermia, can cause severe injuries. Everybody has heard of people losing fingers, toes, and other body parts after being frostbitten, but frostbite can cause other long-term problems as well. Frostbite can lead to permanent circulatory problems in those body parts that were frozen. This can cause subsequent occurrences of frostbite to happen more quickly.

**We have all heard of "dry heat."** The claim is that 100 degrees in the desert does not feel so hot because it's so dry. **Do you know there is such a thing as "dry cold?"** My sister spent several winters in Northern Maine where the *daytime* temperature might be 30 (Continued on next page)

degrees *below* zero. She always said that, because of the low humidity, it did not really feel that cold. In such temperatures, severe frostbite can occur to exposed skin in only a few minutes!

Early symptoms of frostbite include a prickly, painful, “pins and needles” sensation in the affected body part. This leads to a loss of feeling and hard, pale, numb skin. Simply re-warming the affected area using something as simple as skin-to-skin contact with a warm hand can treat early minor frostbite. More serious cases require more serious treatment. Get the victim to a warm area and remove any wet clothing. Activate EMS, if possible. If there is any possibility that the area will re-freeze, do **not** warm the frozen area! Repeated freezing and thawing will cause more damage than leaving the body part frozen. If EMS is not available and the victim will not again be exposed to a frigid environment, re-warm the affected part yourself.

Place the frostbitten area in warm (**not hot**) water for 20-30 minutes. Remember, the frostbitten area is totally numb and the victim cannot feel the hot water, chemical hand warmers, or exposure to a heat source such as a fire that can be causing them burns. The water should be about body temperature – around 100**degree F**. Check the water temperature frequently. As the part thaws, the victim will likely experience severe pain and possibly swelling, blistering, and color changes to the skin. Do not disturb any blisters and place dry, sterile dressings between affected toes or fingers. Do not use any ointments on frostbitten areas. It will only have to be removed at the hospital. Do not let the victim use the frostbitten area after it is thawed and get the victim to a doctor or hospital as soon as possible. Really severe cases of frostbite cause destruction of tissue, and surgery such as skin grafts - and even amputation - may prove necessary.

As with all environmental injuries, the best treatment for frostbite is to **avoid** it. Take care of yourself and if you feel the beginnings of frostbite, get out of the cold and warm up.

Be careful and stay healthy!

Gary Ballou

If you have an article that you would like to have included here, send it to the Newsletter Editor, Tom Eden, at [traveler1@columbus.rr.com](mailto:traveler1@columbus.rr.com). Articles could be about a ride you went on, an event you attended, or something you purchased for your bike that you think is really great, or anything you feel would be of interest to your fellow members. We sincerely welcome contributions from our members. For Sale ads, by GWRRA Members only, are also welcome for submission. Deadline for submissions is the 20<sup>th</sup> of the month.

### **Special Activities Coordinator**

The next event that we will be assisting Obetz Community with will be the Easter egg hunt. I have not received official word, but plan for that to be March 19. That is the week prior to Easter weekend that is when it was scheduled in the past. I will let you know when I hear the details.

Ladies lunch will be February 11, at 12:30 at Cracker Barrel in Pickerington. The address is 1860 Winderly Lane Pickerington, Ohio 43147. That is just off S. R. 256. Hope we have a good turn out!

Remember Valentines is coming up, surprise your loved ones. Ladies this is a good time to remember your secret sister.

See you at Cabin Fever,  
Esther Ford

On January 7, 2016 CD (pending), Tom Eden presented a check for \$168.00 to Vicky Ottman of the Groveport Food Pantry. The money was donated in a special collection taken at the chapter's November Gathering.

For a complete ride schedule see the chapter web site <http://www.gwrraohb3.org>

This is your chapter. The events scheduled are not just for the officers. One of the goals of GWRRA is FUN. It isn't as much fun without you there. The tentative schedule for 2016 has been planned, but there is space for more. There were **only 8** people at the ride planning meeting. There are some FUN and Exciting activities scheduled. Please be a part of your chapter. If you have ideas for rides/activities let Tom Eden know, as there is plenty of space to add activities and destinations.
