Margaret Moore
Chapter Director

The following article is from Bruce and Barb Beeman, GWRRA Deputy Directors, Regions B, E, L from the GWRRA Officers May 2017 Insight Newsletter.

Where Do You Think Our Chapter Directors Come From?

If you said from our GWRRA Chapter Members, you are right. I'm sure you all are aware they are all volunteers. They, like us, come from all walks of life – factory workers, homemakers, clerks, managers, office workers, and the list goes on and on, but we all have one thing in common – we all love to ride motorcycles.

They, like us, joined GWRRA for one of many reasons, which we all did. I would be willing to bet none of them joined because they wanted to be a Chapter Director. No, it would be a safe bet that it was the furthest thing from their mind. But, after being a part of their Chapter, like me, they felt they needed to give back for all they received from their GWRRA Chapter. They stepped up and said yes they would serve.

If I have said it many times and I will continue to say that the most fun I had as a Director in GWRRA was when I was a Chapter Director. That is not to say I'm not having fun now, because if I weren't having fun I would have stepped down a long time ago. Any time someone takes on a leadership position in any organization, they take on certain responsibilities, some good, some not so good, and some just because. The one thing they all share when they start is deciding the best direction for the Chapter. I don't know one person that has stepped up as the Chapter Director with the intent to destroy the Chapter, but I have seen Chapters fail in part because of the Chapter Director and in part because of the Members not supporting the new Chapter Director. We all need to remember why we joined GWRRA, and for the most part it was to have fun with other motorcyclists and maybe learn something along the way. Sometimes we need to be a little more understanding and supportive of our volunteer leaders, like the new Chapter Director who is trying so hard to do the right thing for the Chapter, and not be so critical and negative. Remember the old saying. "Walk a mile in my shoes." We are all humans and we are all going to make mistakes. None of us are going to do the same task the same way, but we are all hoping for the best results that will help our Chapters prosper.

So please remember that your Chapter Director was a member first, was a friend, and shared the same love each of us have, and that's riding a motorcycle. Each of us as GWRRA Members should be supportive and willing to help that Chapter Director succeed; because when they succeed the Chapter will succeed, and be willing to help them through the growing pains.

(Continued on next page)

An old friend of mine says, “If you want to experience an awesome GWRRA Membership, participate, participate, and participate.” That might mean stepping up to help with a hand, or your talent, or some time, or maybe some positive feedback or opinion.

Participate!

Where do you think our Chapter Directors come from? I can tell you; it's Members like you.

Let's Go to the Drive-in!

By Rob & Amanda Stufflebeam

In the February 2017 issue of Wing World, there was a short article about a chapter event – namely a dinner ride (or evening ride?) to go see a movie – at a drive-in theater. Chapters CO-L and Chapter Q in Colorado organized one at one of the few remaining drive-ins in Colorado – the Star Drive-in located in Montrose. The article also showcased Chapter E-2 right here in Ohio – Amelia – where they have an annual event to the Starlite Drive-in. Both sites reserve spots for the bikes and trikes (and even cars) for an evening out with friends to see a great movie.

Many of us grew up with a drive-in nearby, and can recall with fondness seeing movies there when we were younger. When I was in high school in Logan, there were six within easy driving distance – two in Lancaster, one in Nelsonville, and one in Logan, with two more in Columbus. Sadly, there's just one left out of those – the Skyview out on Main St in Lancaster. The drive-in is a fading treat – there are only 338 remaining in the United States.

I'm a firm believer in the acquisition of ideas – just because someone else has one, doesn't mean you can't beg-borrow-outright steal it. A great idea is a great idea yes? So I brought this up to our team, and even during a gathering – receiving some positive feedback. Based upon that feedback, I reached out to the Skyview to pitch the idea to them – ask them if it would be feasible to reserve a few spots for us, and try to pre-arrange a date to attend. I received a response that very day – all they need to know is when we'd like to come and how many spots would we need.

(Continued on next page)

So the only question that remains, is when we would like to go, and how many spots do I ask them to hold for us? We can discuss and finalize plans here soon but I'm thinking somewhere in the mid-July to mid-August time-frame.

Oh and if they're able to make it, it won't be just us – it's possible we'll make this an even larger event as I intend to reach out to other nearby Chapters to see if they'd like to attend with us.

I've sent a message to Skyview to try and get their projected schedule for movies. That may be a long-shot as I've no idea when they actually are able to book specific shows but it doesn't hurt to ask.
I will pass along their response as soon as I get it.

What do you all think? Let us know!

Ride Safe! Ride Often!

MEMBERSHIP ENHANCEMENT PROGRAM

THE VIEW FROM BEHIND

In most articles you read about motorcycles the focus is on the rider. Rider safety, rider tips, new rider equipment, and a wide range of other subjects related directly to the rider are covered in endless detail. That's all well and good, but what about the other person on the bike? You don't hear much about co-riders, do you? Well, we're there on the bike too. What does a co-rider see? If we look directly ahead, we get a magnificent view of the rider's helmet. That's intriguing for about a second, and the unchanging scene gets old. We can learn a little left or right and see ahead over the rider's shoulder, which helps, but you can only hold that position for so long before your back starts complaining. Instead, we spend a lot of time looking off to the sides of the road. For us, that's where the **GOLD** is in the term of GOLDWING. Off to the sides, we see wonderful views the rider doesn't have time to really enjoy, being busy driving. We can see incredible views from hills and valleys; we can see deer and other animals that are gone in a flash. We can see amazing sunsets, fog that blankets valleys below the roads, and the canopy of stars at night. We can take time to marvel at distant rainbows that riders see in one second glimpses. The view isn't so bad from back here!!!

What else does a co-rider do beside see? Yes, we sometimes nap (not me) or read a road map, but we also watch for cars that don't seem to think one lane is enough and wants part of ours. We see other drivers start to cut us off or make a right turn through a stop sign or red light in front of us because we don't register on them as being there. We see slow trucks pulling onto the highway and see abrupt turns our driver might be missing. We are more than just a road companion; we are a second pair of eyes that might save both our lives.

We read the maps, we find gas and food, we take pictures as we go and help with the little chores every bike demands. We are **CO-RIDERS**, and that's what we do, so the next time you read yet another article about the rider, take into account the ones who have **THE VIEW FROM BEHIND.....**

A thank you goes out to Chapter NC-1 for a great article some years back.....

PLEASE KEEP THE FOLLOWING IN YOUR THOUGHTS AND PRAYERS:

Bill Ford: Intensive testing for his bone marrow will be coming up soon.....

Ken Daft: Still in pain from the aftermath of Shingles.....

The family of Gladys Carter at the loss of Gladys.....

Robert Vogel's: Father's health problems.....

Ed Richards: Health issues are getting better.....

Kay Peter's: The passing of her Mother.....

Should I have missed someone "PLEASE" LET ME KNOW.....

MOTORIST AWARENESS DIVISION
Karen Ballou

Let Us Diverge

Ok, I am not going to talk about Motorist Awareness today. Well, maybe a little later. Instead I want to thank Indiana for showing us a great time on May 12-13 at their Spring Wing Warm-up Rally. It was in Tipton, Indiana, a quick 2.5 hours away. (Come on, we have driven that far for food and ice cream). While we didn't camp, the camping grounds were wonderful, spacious and clean. The 4H building was perfect for opening ceremony, classes, the auctions and info tables, and even a band.

They had planned many rides, up to four each day, and managed to find most of the curvy roads in the county! One ride was to a very large John Deere dealer and the Combine Café. The food was very good. A campfire with S'mores and a Pie in the Face drawing rounded out a fun weekend. By the way, Lloyd was not the only Director to get a whipped cream pie. It was a blast! See pictures on ages 15 – 17.
(Continued on next page)

On that note, Buckeye Rally is June 15-17 at Richland County Fairgrounds, Mansfield, Ohio. If you haven't sent in your registration, please do as soon as you can. Chapter F has been working with the District team to have a fantastic rally and no one should miss it. Gary and I are really looking forward to it.

Ok, to Motorist Awareness....I have heard through the grapevine that the separation of MAD from Rider Ed has occurred. It must be true because the new patch and pin is available. The whole of the program hasn't reached Chapter MA coordinators yet, but I am looking forward to seeing what comes down.

RIDER EDUCATION DIVISION

Gary Ballou

Rider Ed for June 2017

First of all, I'd like to thank our able Assistant Educator, Amanda Stufflebeam, for taking care of the B3 Rider Ed newsletter article for last month. This year's travel schedule for me and Karen is so busy that any such help is greatly appreciated. Amanda has agreed to "alternate" this monthly task with me for the foreseeable future. We are also glad to hear that Amanda's recent health scare has ended well.

Tom Eden told me that he completed a Trike Rider Course in May and I need for any other chapter members who take a rider course this year to let me know. This reminds me to verify that your updated information is posted correctly to the GWRRA National Rider Ed Database.

Buckeye Rally is coming up June 15-17 at the Richland County Fairgrounds in Mansfield. You are all urged to attend. The schedule has been posted and it looks like FUN FUN FUN! At 3:30pm on Friday, I will lead one of the new training modules entitled JUST ADD SPICE. It is a fast-paced stream of ideas that can be used to ADD SPICE (FUN) to any gathering. Join us!

At this writing I am disappointed to say that it looks like no-one else from B3 will be on the upcoming trip to the Atlantic Canadian provinces. Bill & Esther Ford were excited and planning to go until Bill's health issues interceded earlier this year. I put a lot of effort into planning this and only one other couple (from Chapter W in Marion) has firmly committed to go. We'll have a review and some photos in an issue later this year.

However, all of you are still encouraged to attend GWRRA's International Rally (WingDing#39) August 29-September 2 in Grapevine Texas.

(Continued on next page)

This 40th anniversary celebration of our Association promises to be a terrific party! Karen and I are representing the Great Lakes Region D at the International Couple of the Year selection on Tuesday August 29. We will be nervous enough ... and any familiar faces in the audience will be a blessing!

In the meantime, do those T-CLOCS Safety Checks.. Remember your AGATT (All the Gear, All The Time), watch out for those Distracted Drivers, and Ride Safely! See you on the road.
