Items of interest in the month of August:

- 1 – Air Force Day
- 4 – U S Coast Guard established, 1790
- 7 – Congress approves “all necessary action” in Vietnam, 1964
- 11 – U S combat troops Leave South Vietnam 1972
- 14 – Japan Surrenders ending World War in the Pacific. 1945

**Hello Chapter B3,
I am currently at the Region K Rally**

Randy Young
Southeast Section
Assistant District Director

**Rob & Amanda Stufflebeam
Assistant Chapter Directors**

Happy July B3!

Amanda and I hope your July is going very well so far. Ours has been great, marked by some awesome rides, a fun holiday, and a fantastic adventure.

Sunday, July 16 saw us loading up the bike (and our new-to-us trailer – THANK YOU BEN & MARY!!!) for a long trip to wild and wonderful West Virginia. Meeting up with fellow B3's Ben & Mary Bayes, Wendell & Sue Gundy, and Robert & Pam Vogel, we trekked south around Lancaster and Logan and down through Athens headed for the Ohio river – and on into WV. Donnie Cunningham met up with us the next day, and brought a friend of his along – Philip, also a Goldwing rider.

We made our headquarters in Buckhannon, WV, where a comfortable hotel awaited (The Bicentennial) which would serve as ride-central for the next three days. Over the course of those days, Ben led us on some amazing rides. The roads in the area truly put most around here to shame, as they meandered up and down mountains, around hills, through valley's and forests, and more than delivered truly awe-inspiring sights each day.

July 17 – we briefly stopped by Seneca Rocks, then we visited the Green Bank Radio Telescope Observatory. Amazing place! On the official tour, you have to turn off all your electronics – even a FitBit can interfere with the signals they are trying to pick up from space.

July 18 – our second day of riding brought us to a small town called Philippi, where the first land battle of the Civil War was fought, and one can walk or drive across one of the longest covered bridges around. After that, we rode to Blackwater Falls - another truly incredible sight to behold. You know a waterfall is going to be awesome when you can hear it long before it comes into view.

July 19 – brought us to New River Gorge, and one of the most impressive bridges I've ever seen.

July 20 – we headed home, getting up very early and setting off before 6am to beat the heat. We got home about 11am so we made very good time.

Lessons learned:

- Ben is an incredible Ride Leader. The rides he plans and executes are works of art.
- Tail Gunning for Ben is a joy.
- West Virginia is an amazing destination for rides. I had no idea.
- Dinner with B3 friends is the best. :)
- Take a cooler. Buy ice. Lots of ice. And water.
- Watch out for pranksters who may try and mug into your pictures. ;)
- Do not – under any circumstances – let your co-rider put ice down your pants. It won't necessarily cool you off, and might actually hurt.

More adventures like this one await – come out and ride!

Rob & Amanda Stufflebeam
GWRRA Ohio B3 – Asst. Chapter Directors

MEMBERSHIP ENHANCEMENT PROGRAM

THE POWER OF THE WAVE

One of the first words we learn as a baby is HELLO, which is one of the most powerful and rewarding words. It is definitely better than saying goodbye. Saying HELLO to someone when you first meet them immediately puts them at ease and you start a conversation on a most friendly word. What does saying HELLO have to do with riding a motorcycles and riding them safely? Well, let's look at this just a little deeper.

First, let's agree that a FRIENDLY WAVE is the same thing as saying Hello. It seems to me one of the first things we learn when we start riding with GWRRA, next to food and ice cream, is that the members are one of the most FUN loving, patriotic, hugging, and WAVING group you will ever come to know. When out riding, a friendly WAVE to other motorcycles is letting them know we both enjoy the same thing. When we extend a friendly WAVE to other road users, including pedestrians, it makes them notice us. That's exactly what we want, to SEE AND BE SEEN. It also lets the recipients of our WAVE know that we are a friendly group and enjoy people. A WAVE to a child is worth gold. They will notice, wave back and tell their parents so now the adults are aware of our presence. We have been SEEN.

(Continued on next Page)

Oh, nut, that person didn't WAVE back so I'm not going to Wave anymore. NO....NO....NO....keep WAVING as not only do you want the person to whom you WAVED to notice but also the tons of other observers out there as once again we want to be SEEN. Friendliness is so rare nowadays; it's disarming, so use the WAVE to let people know that we are FRIENDS out having FUN. Respect begets respect and a WAVE will help you start a lot of conversations on your outing. You never know, you may meet the same person you just waved at your next stop.

The simple WAVE can be our first step on being noticed on the roadways. Join us and start WAVING even more than you do now. Not only will you see a lot of people smiling at you, the WAVE will put you and your co-rider in a very happy frame of mind. Just try it, you may like it...

This article was from Joe & Judy Pirillo, Iowa several years ago and still important today.....

Mary Bayes Chapter B3 Membership Enhancement Coordinator

.....USE THE POWER....WAVE...

PLEASE REMEMBER THE FOLOWING:

Bill Ford: Will be going in on Wednesday July 19th. for his transplant....

Evelyn DeLong: Health issues....

Ken Daft: Still in recovery from the Shingles and there after math...

Ed Richards: Doing better after a bad fall.....

Robert Vogel: His father having serious health issues...

PLEASE should I have missed someone let me know...

ALWAYS CHECK THE CHAPER CALENDAR SO THAT YOU CAN KEEP UP ON ALL THE ACTIVITES THAT HAVE BEEN PLANNED.....

Most Accidents Happen.....

Gary and I recently returned from our long, three week motorcycle trip through the Canadian Atlantic Maritime provinces – Newfoundland, Nova Scotia, Prince Edward Island, New Brunswick and the French island of St. Pierre. It was a wonderful trip and will write about it another time. It is what happened the evening we returned that I am discussing now.

(Continued on next page)

We arrived home in late afternoon, tired, damp and glad to have arrived safely. We unpacked to bike and trailer in the wonderful humidity we returned to. I had gotten very used to the low humidity of the islands, though I don't understand why it is so low.

Maybe the constant, powerful winds that pound all the islands. Anyhow, after unloading and dumping it all in the laundry or the kitchen, I sat down for a few minutes. The chair didn't move, vibrate or have a crosswind. Wow!

Having rested a while, we got into my car to get the dog out of boarding. I now had to remember the small points of driving. As it only takes an average of three weeks to learn a habit, I learned not to fasten a seat belt very easily. I mean, who has a seat belt on the seat of a motorcycle?

So, half a mile down the road, I remember to fasten the seat belt. Ok.....

Next as Gary and I are chatting away, I stopped at a red light. That's when the fatigue kicked in again. I saw traffic coming at me clear and I proceeded with enthusiasm to make my left turn. I didn't look right or left, only straight ahead.

I am lucky to say that the car entering the intersection from my left had a very responsive driver. She stopped just short of my car with a very loud comment of her horn (duly deserved). I backed quickly, no one behind me, and took a very deep breath.

They say most accidents happen within 20 miles of home. We would have been one of those statistics because I was driving without the proper preparedness. I was overly tired, sleepy and in a little discomfort. I forgot to fasten a seat belt before leaving my drive. I didn't look right or left before pulling into the intersection. I wasn't prepared to drive safely. Even the next day, while a little rested, I still found myself feeling a little uncomfortable driving a car.

So, being fully prepared to ride the motorcycle also applies to driving your 4-wheeler. Just because you get off the bike, doesn't mean you are ready to do the next thing on your list.

RIDER EDUCATION DIVISION

Gary Ballou

Most of you already know that by the end of 2017, there will be a major shift in the way a GWRRA Chapter operates. Many of the administrative jobs at the Chapter level are going to go away, so that a Chapter can get back to focusing on the riding & social activities and concentrate on being FRIENDS and having FUN. This is a good thing, but it also means that several officer positions will be eliminated at the Chapter level, including the Rider Educator and the Motorist Awareness coordinator. Those responsibilities will be shifted up

(Continued on next page)

to the District level, and those District Officers will henceforth take care of most of the paperwork I have been doing, including writing a monthly article, which will then be published in all Chapter newsletters.

Several other changes will happen at the same time, including the complete elimination of the Region level and the Deputy Directors at the National level. When finished, there will essentially be only three “layers” of leadership: National, District (i.e. State or Province), and Local (Chapter).

THIS DOES NOT MEAN THAT GWRRRA IS REDUCING OUR COMMITMENT TO RIDER EDUCATION & SAFETY!

Your GWRRRA membership will still automatically include access to Rider Education materials & Rider training courses, only now it will come from the Ohio District Educator. You will still have training modules available from time to time, but they will more likely be done at multiple-chapter and/or district-wide events.

The Motorist Awareness Program (MAP), which was spun away from Rider Education last January, will also have a District Level position, responsible for promoting the program to all Chapters in his/her District. This puts Karen & I in an interesting spot because we were just appointed as Region D MAP coordinators in June... and that position will now disappear on 12/31/17 along with the rest of the Region Teams. We will assist the Ohio, Indiana & Michigan District Directors during the transition, to get a Motorist Awareness coordinator(s) appointed & up-to-speed in each District.

So, after all is said and done Every (volunteer) position Karen & I now hold; Region D & Chapter B3 Motorist Awareness Coordinators, Region D Couple of the Year, and B3 Rider Educator are, with one stroke of the pen, eliminated on 12/31/17. Unless we would be selected as International Couple of the Year at Grapevine, we may actually have nothing to do on January 1, 2018. Wow. I can get back to planning my Iron Butt ride in 2018 (You didn't hear that, Karen. LOL)

It has been our pleasure to serve at every step. We'll see where the road leads, around that next bend...

Gary & Karen Ballou

7 - Ken and Linda Daft
16 - Mike and Francis Pallos

[Up Coming Activities](#)

Greeter for August Ken Daft

For a complete ride schedule see the chapter web site <http://www.gwrraohb3.com>

This is your chapter. The events scheduled are not just for the officers. One of the goals of GWRRA is FUN. It isn't as much fun without you there. The tentative schedule for 2017 has been planned, but there is space for more. There are some FUN and Exciting activities scheduled. Please be a part of your chapter. If you have ideas for rides/activities let a chapter team member know, as there is plenty of space to add activities and destinations.

The Marysville Ride for Kids was great, the day was perfect. Breakfast was provided by Burger King, the Union County Sheriff Dept. led the ride that went through North Lewisburg, Middleburg, the

Honda manufacturing plant and back to Marysville. We traveled over 40 miles and crossed through two covered bridges. It was a nice route with several residents out to greet us on the way.

B-3 was represented by Ben & Mary Bayes, Bill & Esther Ford, Steve Hombach and Margaret Moore, who had a star passenger. Seth has been a star passenger with B3 for several years, he previously rode with Alice Bontrager, before she moved to Florida.

After the program, they announced that more than \$60,000 was raised. We enjoyed lunch provided by a couple of food trucks. We enjoyed pulled pork, macaroni salad, chips and ice cold water, others had meatball subs.

It was a fantastic day, watch for announcements for next year, it is a wonderful event!!!
