

1 **EXHIBIT C**

2 **WAIVER OF SHERIFF NOTICE FEES**

3 Marriage of De Fiori

4 Case No.: TFL14-5767

5 Ex Parte Motion to Continue Trial Date

6
7
8 In my renewal court fee waiver application I requested a waiver of the sheriff's fee to give notice (I was
9 granted the waiver in my initial fee waiver application) based on: (1) the Petitioner refuses to give me her
10 residence address without reason or authoritative good cause provided to or requested by the court, (2) the
11 Petitioner will only allow herself to be served by the sheriff at the sheriff's office, (3) the Petitioner has
12 chronically avoided mail service and refuses to agree to being served electronically, (4) I live 500 miles
13 from Nevada County creating a time impediment to serve the Petitioner by mail, and (5) I am receiving
14 CalFresh, Medi-Cal and exempted Cash Aid and it is an extreme financial hardship for me to bare the cost
15 of the sheriff's fee to give notice.

16
17 Commissioner Yvette Durant granted all requested fee waivers except the sheriff's fee to give notice
18 stating it was the Petitioner's problem, not mine, if she refused to accept mail service. The Commissioner
19 further stated that I did not need to have the Petitioner personally served in order to complete the divorce
20 process with or without the Petitioner's cooperation; the process can be completed using mail service
21 only. The Commissioner did not address my other reasons for my request.

22
23 When I attempted to argue my other reasons Commissioner Durant interrupted me stating that I was
24 obsessed with personally serving the Petitioner and that the court could not waive fees for a private
25 company to personally serve the Petitioner. I replied stating I am not asking for a private company to
26 waive its fees, I am requesting waiver of the sheriff's fee to give notice. The Commissioner then stated
27 that the sheriff only serves DVRO's to which I replied that the sheriff has served motions for me in the
28 past. Commissioner did not respond to me correcting her and instead told me that she was not going to

1 discuss this with me again which ended the hearing.

2
3 Note that in addition not granting me the waiver of the sheriff notice fee prejudicing me by creating a
4 time impediment to serve motions, due to my extreme financial hardship, not granting me the waiver
5 prejudices my ability to:

6 motion for contempt that requires personal service (and is needed), and
7 prejudices service of child supports orders that also require personal service.

8
9 I declare under penalty of perjury under the laws of the State of California that the forgoing true,
10 accurate and correct and if called to testify I could do so competently.
