Inky is a 2 year old black cat. He was found outside our facility with his sisters. He was also feral but because we got the kittens at a very young age he is now a very sweet and loving young kitty. He has a light green set of eyes that will melt your heart. He is looking for a loving home.

Our adoption fee for kittens is \$70 or \$95 for spay/neutered cats. All fees include vet check, combo FeLk/FIV test, deworming and first shot.
