IT Support

Enjoy secure file sharing and data storage. We provide the support you need to have reliable and secure networks.

Computer Networking

We can seamlessly connect computers, servers and a variety of hardware to make your business run smoothly.

Data Solutions

Running out of room or not sure if you have adequate backups? We can help design a plan to protect your vital data.

Computer Repair

Dealing with viruses, lost data, or damaged equipment? We provide the computer repairs you need.

About Micro Works Computing

Micro Works has been your source for computer services since 1987. The founders of Micro Works Computing, Mike and Jane McManus, have been involved with the computer industry since 1981. Mike developed many of his skills while working in the real estate and development industry, while Jane worked on customized software for "Corporate USA."

Our Mission & Promise to You

To provide a complete solution for our customers with the highest quality service and products available. We are business professionals serving business professionals.
