Spring 2019

### Solace Nutrition Hospital

Solace cares for about 20 little ones at any one time 24/7. Sponsors partner with us to provide nursing care each day and night, healthy food, medicine, physical therapy, and much more. This gets the child on the right nutritional track during the critical years of development.

With your help, we are accomplishing our goal to keep children out of orphanages and to keep families together! Pictured above are a few of our faithful staff. Our administrator, Renaud, is sitting in the front. Thank you.

### Say hello to Fritznel Leon

*Mr. Leon*, as we call him, has worked for Hope Alive since March 2010. We have known him since he was a child in the school behind us. He is our Administrative Assistant, archive keeper, clinic receptionist, etc. He is very loyal, honest, and a strong Christian. Every morning, he leads the patients gathered before clinic in song & prayer. Thank you Mr. Leon for your dedication & hard work. You are an integral part of Hope Alive.

### We covet your prayers.

Thank God, the last few weeks have been calm and things are getting back to "Haitian normal". Haiti went through some civil unrest these past few months with protests, gunfire, roadblocks, fires, etc.

As you know, the country had already been suffering spiritually, economically, politically, & environmentally. Now, the unstable economy has taken a huge hit as fuel, food, and medicine prices continue to increase with no end in sight. This is a struggle. The exchange rate has jumped up to \$16 Haitian to every \$1 U.S.

During the unrest, Hope Alive remained open as our staff traveled dangerous roads back and forth to work. We thank God for His protection & provision. Please pray for peace and continued calm in Haiti.

Always be prepared; always be ready; always be sensitive to hear from God. He may have you in a specific situation where you would be the one - perhaps the *only* one - who could offer Godly encouragement, Godly advice, practical assistance, and a friendly word. *Pastor Frank and Leslee Jacobs.*

We are ..."His Hands and Feet".

**you!"**

A Hope Alive! trip to Haiti will probably be the most challenging but most rewarding event you have experienced! This is NOT a vacation, but, you will be blessed "beyond measure". It is rough & tough...it's heartbreaking...but heart lifting! It will change the way you see the world! If you're interested in going, please contact us (below) for more info. Dates are still open for this year!
