 - Gathering - Evangelism
 - Growing - Teaching and training
 - Graduating - Maturing for the Kingdom of God
- To develop and equip every believer to spiritual maturity through solid biblical teaching and training, preparing them for their purposes and ministries in the church and the Kingdom of God. (Leaders are involved in developing and equipping people).
- To empower each church member for personal life ministry by helping them to discover their God-given gifts and talents and purpose.
- To establish at least one new biblically-based church every two years, designed to effectively minister to the total family and the total person spiritually, physically, and emotionally.
- To establish within each mission church, help centers designed to meet the daily and emergency needs of families and individuals of this community.
- To establish a state-of-the-art Christian school of excellence that will become a dream center for children. The school is designed to awaken their dreams and empower their plans for successful God-given careers and vocations.
