

## Looped End Wet Mops

### Ruffmaster

Yarn Color

If rough, abrasive or anti skid surfaces are part of your floor care program than this is the mop for you. Mop yarn is woven, not twisted like a conventional mop yarn, so it won't fray or depley. Comes in small, medium, large and extra large sizes.

- 4 ply, looped end, 100% cotton yarn.
- Excellent water retention.
- Low linting ideal for first impression areas and non-slip floors.
- Tailband provides maximum spread for greater coverage per pass.
