

Dust Mop Frames and Handles

Jaws™ Snap-On Connector

The most rugged dust mop connector available. Durable steel construction, the Jaws connector is spring-loaded and permits easy one-hand attachment to any 5" or 3 1/4" Jaws wire frame. Threaded to fit standard handles.

- Rugged construction.
- Easy one-hand attachments.
- Snap-On-Connector allows use with any threaded handles.
- Provides 360° of swivel action.
- Slide-lock feature eliminates swivel action when desired.
