Cloths and Sponges

Sponge Towel Roll

Tuway's Sponge Towel Roll meets all criteria for LEED-EB cleaning programs. It will remove more bacteria from surfaces than microfiber. Environmentally friendly and biodegradable. One roll will replace 15 rolls of paper towel. Certified compostable. Mildew resistant. Machine washable, lay flat to dry and dishwasher safe.

Microfiber Sponge

Highly versatile applicator pad makes applying wax, polish and finish easy and efficient. The blue microfiber sponge filled pad is a perfect additional to any cost savings cleaning system. Ideal for use in kitchens and bathrooms.

Microfiber Terry Cloths

Microfiber cloths are ideal for cleaning counter tops, metal, plastics, glass or any hard surface area. No streaking, no linting. Will remove 98% of bacteria with water alone. Available in blue, orange, yellow, red and green. Perfect for areas where coloring coding is needed to reduce the risk of cross-contamination. Sizes: 12"x12" (blue only) and 16"x16".

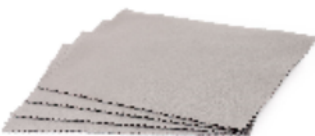

Microfiber Waffle Weave Cloth

Microfiber waffle weave cloths are perfect to use on glass and any other shiny surfaces. Microfiber can be used with little or no cleaning solution and will remove 98% of bacteria with water alone. No streaking, no linting. Size: 16"x16", available in blue. Also available in a larger 25"x36" in beige.

Microfiber Glass Cloth

Perfect for use on glass and other shiny surfaces. Can be used with little or no cleaning solution. Will remove everything from lipstick to hairspray. No streaking or linting.

Microfiber Optical Cloths

Microfiber optical cloths lift dust and oils from delicate lenses without the use of chemicals. Ideal for eyeglass lenses, camera lenses, binoculars, microscopes and other delicate surfaces. Non-scratching, non-linting. Size: 6"x6", available in grey.
