## Damp Pads

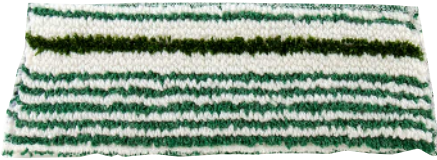

### Microfiber Damp Pad

These pads are perfect for damp mopping on virtually any floor type. The microfiber allows for improved absorbency and superior pick up. It reduces bacteria by 98% compared to traditional mops. Launderable. Available in green, red, blue, orange and yellow for your coloring coding needs. Lengths: 18", 24", 36" or 48" with a 5" width. For use with velcro frames.

### Premium Microfiber Damp Pad

These premium microfiber damp pads have superior absorption and pick up. It reduces bacteria by 98% compared to traditional mops. Launderable. Available in green. For use with velcro frames.

### Microfiber Scrubbing Pad

A microfiber damp pad with a single scrubbing strip allows this pad to clean deep down into the grout. Perfect for use in high traffic area where scuff marks are common. The microfiber will reduce bacteria by 98% compared to traditional mops. Launderable. Length: 18". For use with the BMS or velcro frames.

### Microfiber Looped Pad

The looped microfiber design works well on rough or smooth surfaces. These pads are excellent at getting debris out of cracks and grout lines. Available in green/white or blue/white. Lengths: 9", 16.5" or 18". Launderable. For use with Tuway's standard velcro frame, 3-pin breakaway frame, pocket breakaway frame or the PTZ frame.

### The Super Pad

This highly absorbent pad is great for damp mopping on any floor type. Commercial grade velcro backing will improve with each use. The Super Pad has the longest life pad on the market today. The microfiber will reduce bacteria by 98% compared to traditional mops. Launderable. Lengths: 15' or 18".
