## Floor Care

### Floor Scrubbing

The Polar Pad has the ability to adjust to the topography of your floor by reaching down into the floor's texture. Brush-type fibers are too large to reach these areas. The Polar Pad also lets you burnish without burning any high spots. Dust is eliminated, keeping your location's indoor air quality cleaner.

Reduce your inventory of conventional pads and brushes. Now you have one pad that takes care of all your daily maintenance needs.

Constructed of durable, highly launderable microfiber, the Polar Pad maximizes cleaning and polishing. For use wet or dry.

## Floor Care

### The Bucketless Mop

The Bucketless Mop System is a self contained mopping system for routine maintenance of hard floor surfaces. No bucket, no wringer....no problem. Weighs only 7 lbs. with a full solution tank. That's comparable to a 32 oz. mop and handle. The microfiber pad will absorb seven times it's weight in liquid. Non-abrasive. Hypoallergenic. Removes 98% of bacteria with just water alone. EPA recommended.
