## Dust Mopping Tools

### **Zipline Jaws II Snap-On Dust Frame**

The ultimate dust mop frame provides up to double the cleaning pressure of conventional frames and applies it equally over all parts of the mop for a measurable gain in cleaning performance. Available for use only with Jaws Snap-On handle. Velcro on the frame allows for easy attachment to the frame. No ties, no snaps, easy assembly.

### **Zipline Jaws II Prison Dust Frame**

This PVC constructed frame has a unique Tuway PTZ glued on for easy attaching/changing of the Zipline quality line of mops. With rounded edges, these frames have no screws or metal parts - meets correctional facility requirement standards. Velcro on frame allows for easy attachment to frame. No ties, no snaps, easy assembly. No metal or removable parts. Can be used with standard threaded handles. Available with or without Velcro.

### **Jaws Snap-On Dust Frame**

The industry standard design, these heavy-duty 1/4" welded wire frames are black powder coated for rust resistance and long life. Easy, time saving, snap-on design, for use with Tuway's Jaws Snap-On handle or Jaws Snap-On connector for threaded handles.

### **Jaws Snap-On Dust Handle**

The best built, most rugged dust mop handle available, the Jaws design permits easy one handed attachment to any 5" or 3.25" Jaws wire frame. Eliminates the need to stock handles or replacements for complete assemblies if handle breaks. Provides 360 degree swivel action. Slide-lock feature eliminates swivel action when desired. Available in Wood or vinyl coated.
