Launderable Dust Mops

Microfiber Loopmaster (MFL Series)

Traditional looped end microfiber dust mop makes mopping easy and efficient. Lightweight and super absorbent, these durable mops offer superior cleaning and lint free dusting. Ideal for use anywhere a conventional looped dust mop is used. Velcro or slant slip backing available. Dust-Loc is not required. Launderable. Available in blue, green or white.

Microfiber Dust Pad (MFG Series)

With the microfiber split-fiber technology, these pads are the perfect tool for dusting applications. There is no lint tracking and the fringed edges provides additional cleaning along baseboards. Lightweight and ergonomically friendly. Launderable.

Also available without fringe.

Astrolan Dust Mop

This dust mop's electrostatic properties act like a dust magnet, picking up and holding dust without treatment. Provides better dust collection than untreated cotton dust mops. Ideal for use in chemical sensitive areas, such as laboratories and hospitals. Yarn is extremely durable - won't fray or lint. Launderable. 100% Nylon yarn. Available in blue. Standard keyhole backing with ties.

Loopmaster Conventional Dust Mop

The two-ply twisted yarn will not unravel. Designed to withstand extensive laundering. Ideal for heavy professional use and laundry/rental applications. Cotton/polyester/acrylic blend. Standard key hole with ties for backing. 100-120 washings depending on consistency of laundry process in relation to Tuway's specifications. Available in orange, red, yellow, blue, natural and green.

Cost Cutter Dust Mop

An economic disposable dust mop that provides good performance at an economical price. The mop design includes two dust-collecting rows in the center of the mop for increased soil collection. 100% cotton. Available in natural yarn. Launderable 10-20 washings depending upon the consistency of laundry process in relation to Tuway's specifications. Made from 90% recycled content. Open backing with ties.

Super "S" Series Dust Mop

This durable, yet economical dust mop features long fringe throughout the surface cleaning area for excellent dust collection. Key-hole with ties standard. Available in five row design (SSS series) and four row design (BX series), 100% cotton with 100% polyester backing. Launderable 0-20 washings depending upon the consistency of laundry process in relation to Tuway's specifications. Made from 90% recycled content. Available in red, yellow, blue, natural and green.

Disposable Dust Mops

Eco Mop Microfiber Dust Mop

The Eco Mop is a low-cost, high performance disposable dust mopping system. The fibers are electrostatically charged and draw dust and dirt particles into the dusting sheet during the cleaning process. Available in rolls or sheets. Colors: green and white. Our highest rated disposable microfiber.

MOD40/MOD40DF Dust Mop

The MOD40/MOD40DF provides the performance of a premium disposable dust mop in a cut to size 40' roll. Made from 100% 4-ply cotton and treated with Dust-Loc. For use with wire or velcro frames. Saves space. Eliminates ordering, tracking and storing multiple size dust mops.

Zipline II Dust Mop

The Zipline disposable dust mop features two rows of high-capacity loose-twist cotton yarn. Generous end fringe provides an extra 4" of cleaning width compared to mops without end fringe. Velcro backing allows for easy attachment to frame. No ties, no snaps, easy assembly. Pretreated with Dust-Loc.

The Destroyer Dust Mop

Designed for economical use, this all-cotton mop combines good pick-up with the convenience of a disposable. Yarn is factory treated with Dust-Loc. Untreated mops also available. Colors: blue, natural and green. Made from 100% recycled content.
