## Dusting Products

Also available in blue.

### Bendable Microfiber Feather Duster

The microfiber feather duster is ideal for overhead cleaning. The material pile height allows for significant pick up of dust, dirt and debris. Light weight and easy to use. Comes with a 3-section extension handle allowing for a total reach of 6 feet. Vacuum or shake to clean.

### Premium Microfiber Feather Duster

The microfiber feather duster is ideal for overhead cleaning. The material pile height allows for significant pick up of dust, dirt and debris. Light weight and easy to use. Comes with a 3-section extension handle allowing for a total reach of 6 feet. The microfiber duster sleeve fits easily over the handle and snaps to attach. Vacuum, shake or launder to clean.

### Microfiber Feather Duster Sleeve

The microfiber feather duster sleeve is ideal for overhead cleaning. The material pile height allows for significant pick up of dust, dirt and debris. Light weight and easy to use. The benefits of a traditional feather duster, but the sleeve can be removed and laundered. Bendable frame can be purchased separately.

### Microfiber Sleeves

The launderable microfiber sleeves slip over the flat flex frame and are perfect for dusting where tools can't reach. Can be used with an extension handle.

Blue microfiber sleeve - the wrapped knit sleeve is Tuway's most economical hi-duster. Launderable.  
White polar sleeve - the thickness of the sleeve is great for heavily dusted areas. Launder, shake or vacuum to clean.

Black and white sleeve - the wrapped knit weave allows for the most dust and dirt pick up. Launder, shake or vacuum to clean.

Green microfiber sleeve - 100% microfiber with looped construction. Fibers are more durable and will last longer. Launder to clean.

### Pipe Dusters

The pipe dusters are our most versatile dusters. Specially designed for overhead pipes and light fixtures, but versatile enough to also be used as a hand mitt. Launderable. The frame attaches to any standard threaded handle. Corrosion proof, heavy-duty vinyl coated wire frame. Duster are made from 90% recycled material. Choose your thickness, chose your style.

## Dusting Products

### **Rabbit Ear Pipe Duster**

The rabbit ear pipe dusters are our most versatile dusters. Specially designed for overhead pipes and light fixtures. Launderable. The frame attaches to any standard threaded handle. Corrosion proof, heavy-duty vinyl coated wire frame. Dusters are made from 90% recycled material. Choose your thickness, choose your style.

### **Microfiber Glove**

The microfiber glove is ideal for use on small, detailed, or delicate surfaces. Double sided for expanded life. Will not lint or streak. One size fits most. Launder to clean.

### **Microfiber Mitt**

The microfiber mitt is great for cleaning large surfaces. Double sided for maximum wear. Will not lint or streak. Use wet or dry. One size fits most. Launder to clean.

### **Disposable Eco Mitt**

The Eco Mitt is a low-cost, high performance disposable dust mitt. The fibers are electrostatically charged and draw dust and dirt particles into the mitt during the cleaning process. When incinerated, the material produces CO<sub>2</sub> and H<sub>2</sub>O.
