## Stud Service Agreement

This is to certify that \_\_\_\_\_ Reg # \_\_\_\_\_ Owned by Casandra (Cassie) DeMoranville DBA Can Turn Farm & Kennel was bred to \_\_\_\_\_  
Reg # \_\_\_\_\_ Owned by \_\_\_\_\_ For a fee of \_\_\_\_\_

### Conditions of Service:

- 1) Payment in full of the stud fee is expected at the time of first service unless otherwise specified in the initial arrangements for breeding.
- 2) If there is a tie/lock or the breeding is otherwise consummated there will be no refund of the stud fee in whole or in part.
- 3) If the bitch fails to whelp, the owner of the bitch must notify the stud dog owner of this fact within 10 days prior to the whelping due date. The same stud dog at the next heat will give a return service unless otherwise agreed upon by the stud owner. Lack of notification as indicated above will forfeit any return service.
- 4) If the stud dog should die or become otherwise incapacitated for breeding purposes before the return service is given, the owner of the stud dog retains the right to offer the services of another stud dog in her possession at that time.
- 5) If the bitch changes ownership, any return service will be at the option of the stud dog owner. In certain cases, a substitute bitch may be accepted for the return service.
- 6) If the bitch dies or aborts before whelping, the stud owner must be notified immediately if there is to be responsibility for a return service.
- 7) Live birth of 2 or more puppies living to 1 week of age will be considered a litter. Puppies lost due to environmental conditions are not the responsibility of the stud dog owner and a repeat breeding may not be honored.
- 8) It is understood that the stud dog owner shall maintain reasonable care of the bitch while at the stud owners facility or under the care of the stud owner or agent. The stud owner or agent shall not be held responsible for any loss, injury, or death of bitch while under their supervision or while in transport by private or commercial carrier.
- 9) The stud dog owner must receive the following information before the breeding will be made and may accompany the health certificate if the bitch is shipped. 1. JHC Negative certification 2. From a state certified veterinarian on veterinarians' letterhead or comparable medical form, the bitch is presently immunized for DHL, Rabies, and Parvovirus. The bitch shall be free from any contagious conditions including internal and/or external parasites. The bitch shall be free of any internal obstruction, which may impede or prevent penetration of the stud dog (as far as can be determined ahead of time). The bitch must be tested for and certified free of Brucella Canis and any vaginal infection no more than 7 days prior to breeding and certified free of both infections. No exceptions will be made. No bitch will be accepted with more than two missing teeth or any bite problems exceeding those specified in the standard of the Boston Terrier Standard or evident patella, hearing or eye issues.
- 10) Any bitch that cannot be bred due to viciousness or any other extreme behavior problem toward the stud dog or owner will be immediately returned to the owner of said bitch with the stud fee payment returned.
- 11) In addition to the stud fee, it is understood that the owner of the bitch will assume all cost incurred by the stud owner for any medical treatment by a veterinarian required for the bitch while under the supervision of stud owner or agent who shall determine the need for any emergency treatment while under their care.
- 12) The period of residence of the bitch in the stud owners facility shall not exceed 7 days. Any additional time required in the stud owners facility would be subject to a \$10 a day board bill. This includes delays caused by weather shipping the bitch back to the bitch owner.
- 13) A signed litter application will not be forwarded/approved to the bitch owner or association until notification of whelping, the number of puppies surviving at 10 days and payment of any outstanding balance due stud owner. No progeny from this litter shall be sold at flea markets, to brokers, puppy mills or unethical breeders
- 14) It is the bitch owners responsibility to advise the owner of the stud or any kennel habits the bitch may have that could possibly present a problem in giving her adequate and safe care in the stud owners facility. It is also the bitch owners responsibility to furnish instructions and medication if the bitch is on medication of any kind.
