You must bring any vet records you may have for your dog/s at time of surgery or when scheduling surgery. If your dog/s have a current rabies vaccination and/or license, please bring those forms as well. If there are no records brought, it is assumed your dog is not up to date on vaccines or licensing, and these services will be provided at time of surgery. **This FREE service ONLY includes:** surgery, distemper/parvo, bordetella (kennel cough), rabies vaccine, microchip implant and activation, ~~and current year Sheboygan County license.~~ Flea & ear mite check is included, however there is a fee for treatment for either of these, and this is the owner's responsibility. A heartworm test is also available at an extra fee to you. Any follow up care must be done by your veterinarian.

Once you are approved by Tilly's Pit Crew, a representative from Tilly' Pit Crew will contact you. You will then receive a voucher for surgery. You must schedule your dog's surgery **IN PERSON** at Sheboygan County Humane Society and bring any vet records you have for your dog. You need to bring your voucher AND a \$30.00 refundable **CASH** deposit per surgery, or you will not be allowed to schedule your dog's surgery. If you do not show up for your dog's surgery, you forfeit your deposit for that day, and will be required to pay **ANOTHER DEPOSIT** in order to reschedule.

_____ Signature that you read & understand this

*from 8/1/17-12/31/17 all surgeries will be done at Critter Care Animal Clinic
