Lucy's Aria (From: *L'amour à trois*) Gian-Carlo Menotti

Mrs. Manning

BIOGRAPHY

Tonight's recital is the capstone requirement for Mrs. Manning's degree: BA in Music, Besides the required class work, students pursuing the Bachelor's degree in music must present a recital that represents the work they have done and mastery of their instrument. Another part of the requirements for the Vocal Major at Florida College is to perform works representative of their first two year of study. This "Barrier" is set so the faculty can decide if the student is ready to pursue upper-division work. Natalia's participation in tonight's recital is to fulfill this requirement.

Natalia Restrepo Gutierrez comes to Florida College from the town of Manizales, Colombia where she was a lead singer for her high school's rock band. For the past two years, she has been a member of the Chorus, Chamber Singers, and the Florida College Friends.

Natalia would like to thank Mr. Moore for all the guidance he has provided her throughout these past two years. She would also like to thank all of her family and friends for all the support and encouragement they have provided to her. "I would really like to thank all the Chandler's for making me feel at home in Tampa, Fl. And, a very special thanks to my parents Jaime and Celina and my older sister, Andree for their love and support. Finally, I would like to thank God for allowing me to come to Florida College and learn so much of what I'm passionate about around such great people."

Finishing up her final requirements for a BA in Music, Mrs. Manning has been a member of Chorus and the Chamber Singers every year she has been at Florida College. She has competed in the Tampa Bay NATS (National Association of Teachers of Singing) auditions, taking first place in 2014. Recently married to Cole Manning, they plan to move to the Dallas area where she hopes to pursue her Masters in Vocal Performance.

Kaylee would firstly like to thank her teacher of four year, Tim Moore, for showing her she didn't know as much as she thought she did, and making her happy to admit it. "Mr. Moore, my time at Florida College was probably spent at least 70% in your company, and for that I am grateful. I have spent every moment possible soaking up your wisdom and knowledge of the vocal mechanism, and hope one day I can be at least a quarter of the voice teacher you are."

Secondly, she would like to thank her family for supporting her passion throughout her years in high school, now into college, and eventually into graduate school. "I could not have achieved what I have in the past few years without the love and support of each and every one of you. Mom, Daddy, Kindsey, Samantha, MeeMee, Papa, and Uncle Davey, you have all provided me with the love and support anyone would need to succeed."

Lastly, Kaylee would like to thank her husband, Cole, for being so unwaveringly supportive of her singing practices, plans and hopes. Also, of course, Cole's beautiful family for being so welcoming and so supportive in such a short amount of time. "Mom and Dad M, Grandma and Grandpa Smeltzer, and Nana and Pap Pap, I can never express to you how loved y'all have made me feel and how special that is to me. Thank you for loving me!"
