Introduction

To Competitive Events

Family, Career and Community Leaders of America (FCCLA) is pleased to provide a comprehensive Competitive Events Guide for use by staff, state and chapter advisers, and members.

FCCLA's competitive events offer the following annual activities:

- FCCLA/LifeSmarts Knowledge Bowl is a three-level, team competition that challenges students' knowledge of all aspects of Family and Consumer Sciences and FCCLA.
- The Knowledge Matters FCCLA Virtual Business Challenge Personal Finance contest encourages members to test their skills in personal finance, using a competition version of the Virtual Business – Personal Finance classroom software.
- Skill Demonstration Events provide opportunities for members to demonstrate college and career-ready skills in Family and Consumer Sciences and related occupations.
 Competitions take place online or at the National Fall Conference.
- STAR Events (Students Taking Action with Recognition) recognize members for proficiency and achievement in chapter and individual projects, leadership skills, and career preparation. STAR Events offer individual skill development and application of learning through cooperative, individualized, and competitive activities.

Competitive events promote the FCCLA Mission to focus on the multiple roles of family member, wage earner, and community leader. Each event and activity is designed to help members develop specific lifetime skills in character development, creative and critical thinking, interpersonal communication, practical knowledge, and career preparation.

Competitive events provide additional opportunities to showcase college and career-ready knowledge, skills and abilities; promote the FCCLA chapter as an integral part of the Family and Consumer Sciences education program; and to connect with peers and the community.

Please note that words and terms in italics are defined in the glossary, located at the end of this document.

FCCLA/LifeSmarts Knowledge Bowl

2019-2020 Competition Guidelines

The Ultimate Leadership Experience and The Ultimate Consumer Challenge - Combined!

This three-level team competition tests FCCLA members' knowledge in the six content areas:

- 1. Personal Finance
- 2. Consumer Rights & Responsibilities (to include Family, Career & Community Studies)
- 3. Technology (to include Fashion & Housing Design)
- 4. Health & Safety (to include Food Science & Nutrition and Early Childhood & Human Development)
- 5. Environment (to include Hospitality, Tourism & Recreation)
- 6. FCCLA Knowledge

Questions come from a variety of sources. Preparation resources include resources found at www.lifesmarts.org, and in Family and Consumer Sciences textbooks, reference guides, content area websites, the FCCLA website, and other local or online resources.

All teams should be comprised of five affiliated FCCLA members (affiliated at both the state and national level in order to register to compete) from the same chapter. Chapters may have more than one team. Team members may be mixed in grade level and FCS course background. All competitors must be registered for the conference at which their competition takes place. Conference name tags must be worn at all times during the competition. Teams with less than five members are ineligible to compete.

TeamSmarts Quiz and Online Qualification

September 1 – October 31

In order to compete, teams must be registered at www.LifeSmarts.org and be registered to attend the National Fall Conference. An unlimited number of teams may register with LifeSmarts, but team registration for the National Fall Conference is limited to the first 40 teams. All teams competing at the National Fall Conference must complete this round. All team members are expected to work together to take the TeamSmarts Quiz. If less than five members take the TeamSmarts Quiz, the team is ineligible to continue in competition. Team members may not compete in another competitive event at the National Fall Conference.

The TeamSmarts Quiz consists of 100 questions from the following content areas:

- 1. Personal Finance
- 2. Consumer Rights & Responsibilities (to include Family, Career & Community Studies)
- 3. Technology (to include Fashion & Housing Design)
- 4. Health & Safety (to include Food Science & Nutrition and Early Childhood & Human Development)
- 5. Environment (to include Hospitality, Tourism & Recreation)

Following the instructions at www.LifeSmarts.org the adviser registers and creates the FCCLA team. Students register as directed. The adviser must indicate one student to be the team's captain. The TeamSmarts quiz is only available through the team captain's login.

The scores from the TeamSmarts round will be combined with scores from the Quiz Bee round in competition at the National Fall Conference to determine team placement and live competition round qualifying.

National Fall Conference

November

All participants must stay at one of the official conference hotels. Hotel reservations will be verified prior to the meeting. An unlimited number of teams may register with LifeSmarts, but team registration for the National Fall Conference is limited to the first 40 teams.

Quiz Bee

On location, scores from the TeamSmarts quiz will be combined with the scores from the Quiz Bee competition. The Quiz Bee competition consists of participants divided into each of the five competition categories. Each participant is guaranteed to be asked a minimum of 10 questions in their topic category, in a "spelling bee" style format. Two points are awarded for each correct answer, up to twenty (20) points per participant, or 100 points per team. No spectators are allowed for the Quiz Bee competition.

Scores from the TeamSmarts quiz and the Quiz Bee competition are combined. The top twenty-four (24) teams advance to the live competition rounds at the National Fall Conference. Teams are seeded into four groups of six teams, based on their combined scores.

Pool Play

Teams are assigned to one of four competition pools, and compete in this pool for the remainder of the competition. Teams compete in a round robin tournament (teams take turns playing each other), with up to six matches total. Scores are cumulative. The two top-scoring teams in each pool automatically qualify for competition at the National Leadership Conference. All other teams pair off to compete in one final match, and the winners qualify for National Leadership Conference competition. Spectators are allowed during Pool Play competition.

If an odd number of teams are competing, competition will be adjusted, and if byes are used they will go to the highest seeded team(s).

All rooms will use the same questions, and teams will stay in the same room for the duration of pool play. Rounds consist of two parts—Head-to-Head Individual Questions as well as Team Questions. In the Head-to-Head round, one multiple choice question from Categories 1-5 will be asked, with up to two open-ended bonus questions asked after each correct answer. Participants will sit in order, based upon their individual topic category. In the Team Questions part of the round, all questions are open ended and randomly assorted. Three questions will be asked in each of the categories except FCCLA Knowledge, which will have one question per round.

During the Head-to-Head round, questions will be asked in the following order:

- 1. Personal Finance
- 2. Consumer Rights & Responsibilities (to include Family, Career & Community Studies)
- 3. Technology (to include Fashion & Housing Design)
- 4. Health & Safety (to include Food Science & Nutrition and Early Childhood & Human Development)
- 5. Environment (to include Hospitality, Tourism & Recreation)

During the Team round, questions are open-ended and randomly assorted. Of the 16 Team questions, there are guaranteed to be 3 questions from Categories 1-5 and 1 question from Category 6, FCCLA Knowledge. Anyone may buzz in to answer a Team question,

unless someone from that team has already given an incorrect response. If a participant gives an incorrect answer, the question is reread and asked of the other team.

Teams are guaranteed to play at least 2 matches in a pool of 3 teams, and guaranteed 4 matches in a pool of 6 teams. Matches in each pool will occur simultaneously in different rooms, or as space allows with a holding room. All rooms will use the same questions. Since teams are scored based on the total points accumulated over all the matches (rather than a win-loss record) pool play matches may end in a draw.

Once all pool play matches have finished, each team will have the following scores added together to form their final Cumulative Score: TeamSmarts Quiz, Quiz Bee, and the matches played in Pool Play. The two teams in each pool with the highest Cumulative Scores will automatically advance to the National Leadership Conference.

TIES: Ties will only be broken between teams in the same pool, and only for 2nd or 3rd place in the pool. The first tie-breaker will be determined by total points gained during the pool play buzzer matches. The second tie-breaker, if needed, will be determined by who won during the head-to-head round between the tied teams. Should any ties remain, the final tiebreaker will go to the team with the highest level I score and the lowest time.

All other teams will be seeded by scores (scores will be adjusted if pools are of varying sizes) and compete in play-off matches where the winning team in each match advances to the National Leadership Conference. Play will follow the same rules as other buzzer matches (Head-to-Head followed by Team questions). If the score is tied at the end of the play-off match, a tie-breaker must be used. Three additional Team questions will be asked, with each question worth one point. The team with the highest score after 3 questions wins. If there is still a tie, a sudden-death question will be asked.

TIES: When seeding teams for the knockout matches the tiebreaker will go to the team with the highest TeamSmarts score and the lowest time.

The sixteen advancing teams will compete at the following National Leadership Conference. The teams who did not advance will be ranked, based on cumulative scores, as alternates.

Online Testing for National Leadership Conference Qualifiers

All sixteen and all alternate National Qualifying teams will take the National TeamSmarts quiz in March, similar in format to the TeamSmarts quiz teams took in the fall, but with new questions. Teams that registered online for NFC competition will not have to re-register. The "FCCLA TeamSmarts Quiz" will automatically appear in the team captain's page.

This will be the teams' first event in the Level III competition at National Leadership Conference.

Championship at National Leadership Conference

July

16 teams will qualify for the National Championship from the National Fall Conference. Final National Leadership Conference alternates will be selected based upon scores from the March TeamSmarts quiz. Teams must confirm National Championship participation by April 1. Alternates will be notified of available openings, should they become available.

Orientation and Pool Play

Teams are assigned to one of four competition pools based upon the March TeamSmarts scores. Each pool will have four teams and each team will play three matches. The March TeamSmarts score plus the scores from the three matches will be combined to determine the top team from each pool. Pools will play simultaneously and the questions for each round will be the same in each pool. As space allows, teams may have to wait in a holding room.

Once all pool play matches have finished, each team will have the following scores added together to form their final National Leadership Conference Cumulative Score: TeamSmarts Quiz (from March), and the three matches played in Pool Play. The team

in each pool with the highest National Leadership Conference Cumulative Score will automatically advance to the knockout bracket.

The four remaining teams with the highest National Leadership Conference Cumulative Score will also advance to the knockout bracket. It is possible for more than one non-winning team from the same pool to qualify.

Cumulative score tiebreakers will be similar to the tiebreakers used during Pool Play at the National Fall Conference. First, ties for 1st place in each pool must be broken before ties for the 4 non-winner spots are broken. If teams are in the same pool, the tiebreaker will be determined by total points gained during the total pool play buzzer matches. The second tie-breaker, if needed, will be determined by who won the head-to-head round between tied teams.

For ties between teams in different pools, only the first tie-breaker will apply. In the event that competition pools are of different sizes, the second tiebreaker will be the highest average points per match.

Should any ties remain, the final tiebreaker will go to the team with the highest score from the Online TeamSmarts quiz from March and lowest time.

Knockout Bracket

The four pool winners and the next four top-scoring teams will be seeded into an 8-team single elimination bracket. Winners advance through the bracket until the top two finalists are determined. The top two teams will compete in one final match during a general session to determine first and second place. The remaining teams will be ranked based on cumulative scores.

Each round will consist of two parts — Head-to-Head Individual Questions as well as Team Questions. In the Head-to-Head round, one multiple choice question from Categories 1-5 will be asked, with up to two open-ended bonus questions asked after each correct answer. Participants should sit in order, based upon their individual topic category. In the Team Questions part of the round, all questions are open ended and randomly assorted. Three questions will be asked in each of the categories except FCCLA Knowledge, which will have one question per round.

During the Head-to-Head round, questions will be asked in the following order:

- 1. Personal Finance
- 2. Consumer Rights & Responsibilities (to include Family, Career & Community Studies)
- 3. Technology (to include Fashion & Housing Design)
- 4. Health & Safety (to include Food Science & Nutrition and Early Childhood & Human Development)
- 5. Environment (to include Hospitality, Tourism & Recreation)

During the Team round, questions are open-ended and randomly assorted. Of the 16 Team questions, there are guaranteed to be 3 questions from Categories 1-5 and 1 question from Category 6, FCCLA Knowledge. Anyone may buzz in to answer a Team Question, unless someone from that team has already given an incorrect response. If a participant gives an incorrect answer, the question is reread and asked to the other team.

Buzzer Round Rules of Play

Head-to-Head Individual Questions Rules

Questions in the head-to-head individual part of the round are multiple choice. Each team member is assigned a number corresponding to the category he or she has selected as their focus topic.

- 1. Personal Finance
- 2. Consumer Rights & Responsibilities (to include Family, Career & Community Studies)
- 3. Technology (to include Fashion & Housing Design)
- 4. Health & Safety (to include Food Science & Nutrition and Early Childhood & Human Development)

5. Environment (to include Hospitality, Tourism & Recreation)

These questions are asked only to the player on each team with the corresponding number. After the question and answer choices are read to team members #1, whichever individual buzzes in first has 10 seconds to respond. The individual cannot confer with team members. Individuals may give the full answer or the letter (a, b, or c) associated with the answer. If the player gives a correct answer, his or her team is awarded 5 points, and the moderator will ask up to two additional bonus questions for that individual. A minimum of 5 and a maximum of 15 questions will be asked in this round.

If the individual who has buzzed in cannot answer in the time allowed, or gives an incorrect answer, the opposing individual team member has 10 seconds to provide an answer.

If a member buzzes in before the entire question is read, the moderator will stop reading the question or answer choices. The individual must give an answer within 10 seconds. If the answer is incorrect, the moderator will re-read the question and answer choices to the corresponding player on the opposing team. He or she will have 10 seconds to buzz in and provide a response.

If neither individual buzzes in within 10 seconds, or both members give incorrect answers, the moderator will give the correct answer.

If a player correctly answers the multiple-choice question, that player will be asked an open-ended follow-up question. If the follow-up question is answered correctly, then a second open-ended follow-up question will be asked to that player. Up to two follow-up questions may be asked after each multiple-choice question.

If either follow-up question is not answered correctly, the question set ends. The corresponding player on the other team will not get an opportunity to answer the follow-up questions. Play continues with the next set, an Individual question asked to the players in the next position.

Each correct answer is worth 5 points. There is no deduction for incorrect answers.

This process is repeated for all team members.

Upon completion of the head-to-head part of the round, scores will be tabulated by the scorekeeper and announced by the moderator.

Team Questions Rules

Questions in the team questions part of the round are open ended. The moderator will ask a question, and the first person to hit his or her button will have the opportunity to answer. These questions are open to all players on the team, though only one player per team may buzz in to answer each question.

A player may buzz in before the entire question is read. If this happens, the moderator will stop reading the question and will call on the player who buzzed in. The team member who buzzed in has 10 seconds to answer the question. The team may confer both orally and in writing until a team member buzzes in. Once the team has buzzed in, conferring must stop. Only the team member who buzzed in will be allowed to answer the question.

If an incorrect answer is given, the moderator will begin re-reading the question, and members from the other team may buzz in at any time.

If no one buzzes in within 10 seconds after the question has been read, or both teams give incorrect answers, the moderator will give the correct answer.

Each correct answer is worth 10 points. There is no deduction for incorrect answers.

This process will continue through all 16 open ended questions. Upon completion of the team questions, scores will be tabulated and announced by the scorekeeper and moderator. If there is a winner, the winner will be announced. If there is a tie that must be broken, tie breaker question(s) will be read.

Tie Breaker Round Rules

Tie breaker questions are open-ended, and are randomly selected from the six topic categories. Each correct answer is worth one point. There is no deduction for incorrect answers. The first team that buzzes in will have 10 seconds to answer. The team that wins the best of three tie breaker questions will be declared the winner. If there is still a tie after a round of three tie breaker questions, one "sudden death" tie breaker question will be used.

General Rules

Acceptability of Answers

Only the first answer from the team member who buzzes in and is recognized will be accepted. Only one team member may buzz in per question. The moderator will determine if the answer given by the competitor matches the correct answer. If there is a question about the acceptability of the answer, the moderator may consult with the room judge.

Appeals

During the Team round of a buzzer match, a team may appeal a response ruled incorrect by raising a Challenge card, which requests that question be thrown out and a new question asked in its place. The team may only issue a Challenge when points are not awarded in response to an answer given by one of the team members. Challenges may not be issued once points have been awarded for the question. Teams may not challenge during the Head-to-Head round. Teams may not challenge a response given by the opposing team.

The Challenge card must be raised before play moves on (either before the question is re-read for the other team, or if the other team has given a response, before the next question in the match is read). Any player on the team may issue the challenge. Once the challenged question is thrown out, the new question is open only to the teams who were eligible to answer the question when the Challenge was issued.

Each team is awarded two Challenge cards for each level of competition (2 cards at National Leadership Conference and 2 cards at National Leadership Conference). Unused Challenge cards do not carry over to the next level of competition.

Consultation

Team members may confer with one another both orally and in writing until a team member buzzes in. From the time a competitor buzzes in until the time the moderator announces whether the answer is correct or incorrect, no one on that team should speak or write notes to another. If consultation continues while a team member has buzzed in, his/her answer will not be accepted even if it is correct. Team members of the opposing team may consult while a competitor on the other team is answering the question.

Dress Code

Participants should follow the approved FCCLA conference dress code for participation in all levels of competition.

Moderator/Judge/Question Error

If the moderator misspeaks or misreads a question, but catches the mistake prior to either team buzzing in, they may repeat the question correctly and the time for answering will begin again at 10 seconds.

The judge and/or moderator may decide that a replacement question should be used if an answer is prematurely given by the moderator, judge, or spectator, or if the way a question is read is deemed unfair for either or both teams. Replacement questions will not be used if a competitor reveals the correct answer out of turn or if a competitor or spectator disagrees with the determination of the moderator and judge.

Repeating of Questions

Individual team members may request a multiple-choice question to be repeated during the Head- to-Head Individual Round. No open-ended questions will be repeated once they have been read in their entirety. If there is an issue in which the

moderator feels the question should be repeated (noise interference or equipment problem) they may repeat the question at their discretion.

Spectator/Participant Conduct and Sportsmanship

When competition is open to spectators (students, advisers, chaperones, alumni, and other conference attendees), spectators are not allowed to enter or leave the competition room during play. Spectators are prohibited from cheering, visual signaling, audible conversations, and the use of cell phones during competition. Any spectators who disrupt the round in any way or are thought to be communicating with competitors will be asked to leave by the room judge or moderator. The room judge and moderator have the authority to control the competition atmosphere within their room.

Disputes concerning their judgment should be directed to the LifeSmarts staff, Competitive Events Manager or the on-site national staff person who is overseeing the competition.

Good sportsmanship is expected of all participants, advisers, chapter members, and other spectators.

Poor sportsmanship on the part of any team member or their supporters may result in disqualification. Any use of extremely negative behavior (such as the use of profanity or yelling) will result in immediate disqualification of the team.

No videotaping, audio recording, or photography is allowed during live competition without prior approval of FCCLA.

Substitution

Substitution of team members between Level II and Level III will be allowed. Substitutions must be made prior to June 1. Substituted competitors must be affiliated members of the same FCCLA chapter to qualify.

Teams will be sent a confirmation of their Level III participation via email by March 1. Any changes made to the composition of a Level III team must be made in writing by the chapter adviser or team captain to competitive events@fcclainc.org by June 1. Changes may be made any time between December 1 and June 1 of the current school year.

Team Captain

Each team should select one of its members to serve as the team captain. This member will be responsible for picking up team materials. The team captain will be indicated on the registration form and will be designated on their place card.

Team Holding Room

All teams in Level I and III are required to report at a designated time, and may be required to remain in a holding room when not competing. Failure to report to the holding room prior to the start of the first round of competition will result in a team receiving an automatic loss in the first round. Teams are disqualified if not in the holding room by the time the first round of competition is completed. Teams may utilize printed study material. The use of cell phones, or other electronic devices which may record, publish or receive information are prohibited.

Unanswered Questions

If a question is not answered by either team, no points will be awarded or lost and no replacement question will be given. The moderator will give the correct answer and move on to the next question.

Writing Instruments

Paper and pencils for each competitor will be provided by FCCLA. Competitors will not be allowed to bring any writing tools or paper into the competition room.

COMPETITION

The FCCLA Virtual Business Challenge consists of two competition rounds. Registration begins October 9, 2019. Round One will begin on October 22, 2019 at 10AM EST and will end on November 15, 2019 at 5PM EST. Round Two will begin on February 3, 2020 at 10AM EST and will end on February 28, 2020, at 5PM EST. Teams may participate in one or both rounds. The National Championship Round will be held online from March 23, 2020 - April 3, 2020 and will only be open to qualifying teams.

The Challenge will focus upon different concepts found within the simulation. FCCLA members will not be able to control every concept found under the Actions Menu. Teams are only able to manipulate the actions enabled for that specific Challenge. All other concepts will be set adequately and controlled for the teams. Assignments explaining Challenge goals and objectives will be available within the competition files.

The Challenge competition file will only be available from the dates as listed above. During the qualifying rounds, participants may run through the competition files as many times as they wish during the competition period. The competition file is complete once teams have run the file for two virtual years. At this point, the team's score will be automatically submitted to the Knowledge Matters' website.

After uploading a score, teams may visit the ranking's page in order to see where they rank nationally and by state. Teams may upload as many scores as they wish because Knowledge Matters will always rank teams based upon their best score. At the completion of each challenge, the top nationally ranked teams will receive website recognition. Top teams from each challenge will compete in a final online round. The winning teams of the National Championship Round Challenge will receive National Leadership Conference travel awards of \$1000 (1st place), \$500 (2nd place) and \$250 (3rd place) to attend the National Leadership Conference and participate in the Knowledge Matters exhibit to demonstrate the simulation and assist with simulation demonstrations.

The Challenge will start at 10:00AM EST on the start date for each round. No score submission will be accepted after 5:00PM EST on the last day of the Challenge round. Each file is time and date stamped upon receipt for validation. Files will be automatically scored, ranked and posted under the ranking's page.

FCCLA RULES - VIRTUAL BUSINESS CHALLENGE-PERSONAL FINANCE

ELIGIBILITY: Only affiliated FCCLA members in grades 9-12 are eligible. Students must be a paid, affiliated member prior to the submission of any Virtual Business Challenge-Personal Finance file to Knowledge Matters. An FCCLA chapter may have as many teams as it can support according to the team membership rules. All membership questions will be handled by FCCLA. Chapters may participate in the FCCLA Virtual Business Challenge-Personal Finance during Round One (October 22-November 15, 2019) and/or Round Two (February 3 – February 28, 2020).

TEAM MEMBERSHIP: Entries may be created by an individual member or by a team, not to exceed three (3) members. A Team Member cannot be on more than one team at a time. No additional team members may be added once a team has registered. All rankings and prizes are based on the team and not the individual. Members are unable to participate in any other National Leadership Conference competitive event (STAR Event or FCCLA/LifeSmarts Knowledge Bowl) if they have placed 1st, 2nd, or 3rd in the National Championship Round. All rankings and prizes are based on the team and not the individual.

If a Team Member drops off a Team or a Team is to be dissolved, an email from the Team's FCCLA Adviser acknowledging the removal must be sent to VBCCentral@KnowledgeMatters.com stating the team name and the Team Member(s) to be removed. An acknowledgment from Knowledge Matters confirming the Team Member update will be sent back to the Team's FCCLA Adviser. If this acknowledgment is not received, it will be the Team's responsibility to resubmit the request via the Team's Adviser. Once the acknowledgment is received, the individual is free to register a new team. All maintenance and compliance monitoring of the Teams will be the responsibility of the Team's FCCLA Adviser. FCCLA chapters may have as many teams as it can support according to the Team Membership rules. Team names must generally adhere to FCCLA's code of ethics. Team names deemed inappropriate according to National FCCLA will have their team name changed to the name of their local chapter without notice. National FCCLA will have the ultimate authority to resolve Team Membership and name disputes.

CODE OF CONDUCT: Participants agree to compete by the Rules of Competition. Participants further agree that all work submitted is work done by the participant or the participant's registered teammates. Participants understand that any attempt to hack or cheat the simulation is grounds for removal from the competition and possible further actions. Participants agree to refer any questions on what may constitute a cheat to Knowledge Matters for a decision. Inquiries must be submitted through the Knowledge Matters' support system, and must contain "Official Ruling Requested" within the title of the inquiry.

UPDATE: It has come to our attention that a former competitor may be offering assistance to teams via social media. As a reminder, it is against the rules of this event to accept or pay for assistance from anyone not a member of your team, including former Virtual Business Challenge competitors.

All participants agree to be bound by the following Honor Code: I pledge that all work submitted is that of me or my teammates, solely. I have received no outside help with the challenge. I pledge not to hack or cheat in any way and agree to report others that I am aware of who hack or cheat.

Additionally, because the VBCs are interstate competitions for prize money, participants who hack or cheat may be subject to penalties under federal, state or local cybercrime or anti-hacking laws.

DRESS CODE: Team members participating in the Knowledge Matters Exhibit demonstration at the National Leadership Conference must wear clothing that meets the FCCLA Dress Code Policy, as published by FCCLA.

QUALIFIER RULES: The top eight nationally ranked teams from each qualifying round will qualify to compete in the National Championship Round. Teams that qualify during Round One may participate in Round Two, but will not be ranked in the Round Two challenge.

SCORES: A team's actual numeric score will not be posted on the rankings page. Bars symbolizing a team's score will be posted instead. Numeric amounts will not be released during the Challenge rounds. In the event of a tie, the team with the earliest file submission will rank higher, so it is important to get your files ranked early in the Challenge.

Policies

ACCOMMODATIONS FOR DISABILITIES

FCCLA members with disabilities as properly identified by a valued team of professionals (such as an IEP team, Section 504 coordinator, certified psychologist, physician) will be reasonably accommodated in national events. Participants who require accommodation in their event should indicate a special needs request during the national event registration, or 60 days prior to the event. A national staff member will contact the adviser to determine the best process for the participant. For regional/district/state competitions, please contact the state adviser.

DISQUALIFICATION

Disqualification is unfortunate for everyone concerned—participants, advisers, and event managers. To avoid unnecessary disappointment, keep in mind the four causes for disqualification.

- Failure to affiliate with national headquarters by May 31. Only affiliated members may register for national STAR Events. See "Membership" for details on affiliation.
- 2. Failure to arrive in a timely manner for event presentation. Participants are encouraged to arrive 30 minutes before their scheduled event presentation and may be disqualified if more than 15 minutes late.
- 3. Participation of students or adults in behavior that negatively affects the management of STAR Events or failure to display a positive image of the FCCLA organization before, during, or after participation in STAR Events may result in disqualification of students or adults and/or eligibility of the student(s) and/or adults(s) for participation the following year. The penalty is determined by the Competitive Events Advisory Team.
- Failure to register for the National Leadership Conference and follow the published housing policies. All participants must be registered for National Leadership Conference Weekly Registration and stay within the official hotel block for the duration of the conference dates. STAR Events participants attending the National Leadership Conference and not staying within the conference hotel block will not be permitted to compete in national STAR Events.

DRESS POLICY

Student dress should contribute to the positive, professional image of FCCLA. STAR Events participants are expected to adhere to the published conference dress code for all conference sessions, including the state STAR Events Recognition Sessions. For participation in competition, follow event specifications for dress, and wear appropriate clothing for the nature of the presentation. Unless otherwise specified, appropriate clothing in events which do not allow costumes includes professional attire (any appropriate colors) or the official FCCLA blazer/uniform meeting the National Leadership Conference dress code. If attending conference activities prior to or immediately after a STAR Events presentation, be prepared to change into clothing that meets the conference dress code.

EVENT DESCRIPTION AND LEVELS

Individual events evaluate one member's performance. Team events evaluate several participants' or a chapter's performance as one entry. Team events may have one, two, or three participants from the same chapter, with the exception of Baking and Pastry and Culinary Arts, which requires only that students be from the same state and Parliamentary Procedure, which may have four to eight participants from the same chapter.

Entry into a particular level is determined by the participant's grade in school during the school year preceding the National Leadership Conference, and in some cases, enrollment in a specific course or program, as outlined in the event eligibility section.

LEVEL 1	LEVEL 2	LEVEL 3
FCCLA chapter members through grade 8	FCCLA chapter members in grades 9-10	FCCLA chapter members in grades 11-12

- A team composed of members of mixed grade levels must enter at the level of the highest participant member's grade level.
- Team events with only Level 2 (grades 9-10) or Level 3 (grades 11-12) may not include members through grade 8.
- Team events with only Level 3 (grades 11-12) may not include members through grade 10.

MEMBERSHIP

A student is not considered an affiliated FCCLA member at any level (local, state, and/or national) until all membership dues are received at national headquarters. Only affiliated members are eligible to compete in any level of STAR Events. States should not allow members to participate in regional or state events unless national membership is verified. Note: Although the national membership deadline is May 31, states require earlier deadlines for competition. Verify all state deadlines with the state adviser.

Participants must compete in the level based upon their grade as recorded for membership affiliation and must reflect the actual grade level for the current school year. Students must compete with the chapter where their membership is held.

In addition to membership deadlines are STAR Events registration deadlines. Please ensure that all registrations are submitted in a timely manner to avoid disqualification or late fees at the regional, state, and national levels.

STATE SELECTION PROCEDURES

Members are not required to participate in state events prior to national STAR Events, though they must be selected by stateestablished procedures.

Eligibility and General Rules for All Levels of Competition

- An individual member may participate in only one national STAR Event in any given year. Participation is open to any nationally affiliated FCCLA chapter member. Events may have additional eligibility requirements. States may limit the number of times a member may compete in an event; please check with the state adviser.
- 2. Participants must follow national rules for competition, or risk possible disqualification or loss of points. If national rules vary from state event rules, entries need to be changed to comply with national rules.
- 3. All STAR Events projects must be developed and completed during a one-year span beginning July 1 and ending June 30 of the school year before the National Leadership Conference.
- All STAR Events projects must be planned and prepared by the participant(s) only. Supporting resources are acceptable as long as participants are coordinating their use and resources are cited appropriately verbally and/or in print during the presentation to avoid false credit for unoriginal or non-participant work. Participants are encouraged to use original materials, items licensed for reuse, or items in which copyright permission has been granted.
- 5. State and chapter advisers should ensure that identical presentations of the same project are not entered into STAR Events in one year or in multiple years.
- 6. Participants are not allowed to distribute any materials to the evaluators unless the event rules specifically allow it. Evaluators are not allowed to keep any items given to them by STAR Events participants.
- 7. No projects can be entered in more than one level of a single event, or in more than one event. However, projects entered in any event may be included in the Chapter in Review events.
- 8. Chapters are allowed to enter only one entry in Chapter in Review Display and one entry in Chapter in Review Portfolio per
- Chapters are allowed to enter only one entry in FCCLA Chapter Website.
- 10. Spectators are not allowed to observe any portion of any STAR Event. Videotaping and/ or audio recording of events is not allowed. *Exception: Media and Business & Industry partners may be escorted into events with prior approval and arrangements made through national competitive events staff. States may set policies for exceptions on the state level.
- 11. Participants are to maintain a professional appearance and attitude during all STAR Events activities.
- 12. Participants are responsible for their own event materials, and may not have others assist them with event setup, including moving items into the competition area. Any items left behind are not the responsibility of FCCLA and may be discarded.
- 13. STAR Events resources (topics, scenarios, templates, etc.) can be found online at http://fcclainc.org/programs/resources.php. Look for this icon next to events which have resources on the FCCLA National Website.
- 14. For Fashion Construction, Fashion Design, and Repurpose and Redesign events, lingerie and swimsuits are not allowed. Clothing that does not meet acceptable standards of modesty/appropriateness for a school function or setting is prohibited.
- 15. Participants may present in front, behind, or beside the designated table or space. Participants may not place items on the consultant or evaluator tables.
- 16. All materials on displays must be placed on a clearly defined presentation surface. Displays with a clearly defined front presentation surface (such as tri-fold boards) may not have items on the back of the board, as consultants/evaluators would not be expected to look behind a display for project components. Displays with multiple presentation sides may have materials on all clearly defined presentation surfaces. All materials must be easily viewed, accessible, and legible.
- 17. No live animals or people can be used as props or visuals. Only registered event participants may present in competition.
- 18. If a participant fails to adhere to event guidelines or event definition, or prepares an item not based on the current event scenario, then the sample/display/project is ineligible for evaluation. The participant will still be able to compete with an oral presentation if they choose to do so, and will only be scored on the oral presentation. Requirements that may result in implementation of this rule are noted with this symbol.

Event Management Information

Many individuals are needed to assist in the management of STAR Events. Both student members and adults play an important role in the success of the events. Throughout the events, cooperation and respect between youth and adults is encouraged and fostered by providing individuals the opportunity to work in youth/adult teams. The belief that youth are capable of assuming important roles has been the key to the success of this system. Specific management responsibilities are found in the STAR Events Management Manual and will be available prior to the event.

Event volunteers include:

- **Lead Coordinator**
- **Assistant Lead Coordinator**
- **Event Lead Consultants**
- **Room Consultants**
- Evaluators Members, Subject Matter Experts (Advisers), Business, Industry, Community Members (Adults)

Evaluation teams are composed of youth and adults who are selected for their expertise in a specific event area. Business and industry and community members comprise some of the evaluators. Nominees should have previous experience participating in similar events or leadership experiences that qualify them for this responsibility. An orientation session for evaluators/room consultants is held prior to STAR Events, where the lead consultant will provide general STAR Events information, review the STAR Events philosophy, evaluation techniques, and clarify procedures, rules and rubrics.

Importance of Chapter Advisers Serving as Event Volunteers

Chapter advisers are subject matter experts in both Family and Consumer Sciences and FCCLA. As subject matter experts, they serve an important role in providing essential information about FCCLA, Family and Consumer Sciences curriculum, and career and technical education to both members and other adult volunteers. Without chapter advisers serving as event volunteers (lead and assist lead consultants, room consultants, evaluators) evaluation teams may lack critical context and subject matter information that could negatively impact final scoring. At the National Leadership Conference, all volunteers receive documentation of the hours devoted to competitive events. This documentation may be used by volunteers to assist with professional development certification, as allowed by local and/or state policies.

Frequently Asked Questions

- 1. Instead of creating a freestanding or tabletop display, can I create a digital presentation as my display? No.
- 2. If my project's product is too large to transport to competition, can we provide photos instead of bringing the product to competition? No, the product must be present at competition for appropriate evaluation.
- 3. **If using something other than PowerPoint for an electronic portfolio, how do I count "slides?"** A slide is defined as a single slide in PowerPoint, or a single path/transition in another format, such as Prezi. If using a website, information presented in one screen view would be considered one slide.

Projects are to be developed and completed within a one-year span beginning July 1 and ending June 30 of the school year before National Leadership Conference.
- 19. **Is a digital photo frame/iPad/tablet/etc. used to display photos, considered a photo album?** If it is displaying multiple photos as a hardcopy album would, it would be considered a photo album.

- 23. Can we laminate pages? Yes, but all laminated pages must still meet any size requirements as stated in event guidelines.
- 24. **If I have a multi-page document and place it in a sheet protector, is that counted as one content page?** Multiple pages within a sheet protector will count as more than one page, unless the sheet protector is sealed and only one page is able to be viewed.
- 25. **If there is an electrical outlet available, can we use it?** FCCLA will not prevent a student from using an outlet (if allowed in event guidelines), but access is not provided. The forms are not to be included within a portfolio, or placed on a display. Forms are accepted at the time of competition, and not during or after the presentation. Only one form per entry (team or participant) is required. States may choose to require an onsite orientation or may develop an online orientation. Please confirm state procedures with your state adviser.
- 29. Are accommodations made for special needs students? FCCLA members with disabilities as properly identified by a valued team of professionals (such as an IEP team, Section 504 coordinator, certified psychologist, physician) will be reasonably accommodated in national events. Participants who require accommodation in their event should indicate a special needs request during event registration. A national staff member will contact the adviser to determine the best process for the participant. For regional/district/state competitions, please contact the state adviser.

Specific Information for State Advisers

FCCLA state advisers are key to the success of STAR Events. Although STAR Events are managed by the national organization, state advisers carry a major responsibility for preparing, selecting, and monitoring their state participation.

- 1. Ensure student success by following national event rules when developing state events.
- Develop a plan for selecting STAR Events participants. Criteria should include:
 - Participant selection when state-level events do not designate a first, second, and third place
 - Participant selection in states where there are no state events
 - Selection of substitutes for regional, district, and state STAR Events
 - Method of breaking a tie between top-rated state event participants
 - Policy for STAR Events participants' travel to the National Leadership Conference
 - Notification of all local chapters regarding the above information.
- Help participants avoid disqualification by checking their eligibility for the event before advancing them to national-level competition. It is extremely important that state advisers submit and approve only those who have met all national rules. Screen applicants thoroughly. State advisers are directly responsible for screening since the national office lacks information to make these judgments. The number one concern is fairness, and state adviser commitment is essential to this goal. Careful supervision at the state level will eliminate the need for disqualification or loss of points at the national level.
- 4. Notify participants, their advisers, and any chaperones of the STAR Events information posted online at www.fcclainc.org throughout the year. Specific information for National Leadership Conference participants is posted in June, containing important information participants must know about before arriving at the national conference.
- 5. Submit all national STAR Events qualifiers through the national FCCLA Portal. Ensure that all qualifiers are submitted in the correct event/level, and meet event eligibility requirements.
- 6. Meet with national STAR Events participants prior to the National Leadership Conference and review national STAR Events rules and procedures to ensure successful transition from state to national competition. Inform participants of the Event Online Orientation requirements and the full National Leadership Conference schedule.
- 7. State advisers are key in identifying qualified evaluators, room consultants, and event volunteers—both youth and adults. Because STAR Events operate on a limited budget, unpaid volunteers are essential. States are responsible for providing one evaluator and/or room consultant for every three event participants. Refer to the STAR Events Management Manual for evaluator's and room consultants' specific duties. Ensure volunteers fulfill their duties onsite.
- Enforce national policy on behavior at the National Leadership Conference. (See Disqualification section.)
- 9. Approve any substitutions for STAR Events, as directed in the FCCLA Portal, if substitutes meet the event eligibility requirement and state selection policies, and is submitted prior to the substitution deadline.
- 10. Collect participant rubrics at the Competitive Events Headquarters or as determined by national competitive events staff.

Requirements/Policies for National Leadership Conference Participants

Chapter Substitution Policy

Once a chapter has registered a student as a National STAR Events participant, a substitution from that chapter is permitted in the case of a team event, but only if the substitute meets the eligibility requirements of that event. All substitutions must be approved by the state adviser. Substitutions are not permitted in individual events. Substitutions are not permitted after June 1 for National STAR Events. States may determine substitution policies for STAR Events at the district, regional, or state levels.

Competitive Events Advisory Team

Resolution to situations not addressed in policies or in event guidelines will be determined in consultation between national FCCLA staff and members of the Competitive Events Advisory Team.

Conference Registration and Housing

Delegates, Competitors, and National Officer Candidates attending the National Leadership Conference must register to attend the entire conference and stay within the official meeting/conference hotel block for the length of the conference. In any extenuating circumstances, a written waiver may be submitted via the State Adviser to National staff for consideration.

Dress Policy

Refer to the Dress Policy in the "Policies" section.

National Participation Schedule

A tentative competition schedule and event registration, orientation information (if offered onsite) will be posted in February with the National Leadership Conference promotional materials. Specific instructions concerning event locations and logistics will be posted by June 1.

Chapter advisers will receive the scheduled participation times for their chapter's participants during the Competitive Events Registration Packet Pick Up. Changing schedules with other participants is not permitted. Participants are required to be available during the entire time their event takes place. Do not schedule other activities during these time periods. Once competition schedules are distributed, changes are not made for any scheduling conflicts.

Chapter advisers will be responsible for picking up all STAR Events registration materials and distributing it to their STAR Events participants. At this time the chapter adviser or adult designee will:

- Confirm participant attendance and no-shows
- Receive participant information, which may include ribbons, participation times, specific event materials, and recognition session information
- Sign acknowledgement of receipt of materials

Any packets not picked up and signed during the specified Competitive Events registration time(s) will result in participants not receiving the 3 points for registration. Participants are still eligible to compete at their scheduled time. Any packets not picked up during the specified time(s) will be identified as a late pick-up. Chapter advisers may pick up these materials during normal conference registration hours. Questions regarding STAR Events will be handled at the Competitive Events Headquarters only.

National Recognition, Awards and Scoring

The top three placements in each event and level will receive recognition during a National Leadership Conference general session. Given the large number of competitors in National STAR Events, FCCLA has established the use of standard deviation to determine placement in events which require more than one competition station. The use of the standard deviation formula helps balance differences in scoring between evaluators in competition stations. The use of the formula does not eliminate the possibility of ties; therefore, tiebreaker procedures will be utilized as needed. No ties will be allowed for 1st, 2nd, or 3rd place, but ties may remain for additional placements. Once scores are submitted by event consultants, the top 10 scores in each event, after standard deviation is applied, will be reviewed to determine accuracy. All scores are considered final for placement recognition, and no scores will be changed once the top 10 scores are validated by event officials and entered into the scoring database.

Participants will receive recognition at the following levels. These levels are determined by score, without the application of standard deviation.

Gold (90 - 100)

Silver (70 – 89.99)

Bronze (1 – 69.99)

Each entry is evaluated by a standard set of criteria. There is no limit to the number of medals given for each level in any level. STAR Events participants must attend their State Recognition Session to receive a medal.

National STAR Events Registration Deadlines

Online STAR Events, Level I entries due by 5:00 p.m., EST, February 1.

States with state competitions on or prior to April 24 must submit all STAR Events registrations online to FCCLA national headquarters by 5:00 p.m., EDT, May 1.

States with state competitions on or after April 25 must submit all STAR Events registrations online to FCCLA national headquarters by 5:00 p.m., EDT, May 15.

Participants registering after the published deadlines through June 1 will pay an additional late participant registration fee of \$100 per event/level registration. Beginning June 1 at 5:01 PM EDT, the late registration fee will be an additional \$200 per event/level registration. Late registrations will not be guaranteed a printed certificate.

Substitutions will not be permitted after the published STAR Events substitution deadline.

Online Orientation Sessions

All entries will receive 2 points for submitting the STAR Event Online Orientation form, to be completed after viewing the event orientation session video, posted on the national FCCLA website. During this presentation the STAR Events schedule, participant's responsibilities, general event schedule and evaluation procedure will be reviewed. Each entry must complete and submit the STAR Events Online Orientation form to the event room consultant at the time of competition. Only one form per entry (team or participant) is required.

All rules apply even if the participant decides not to complete the orientation session. FCCLA does not assume responsibility for any problems resulting from participants who choose not to complete and document their participation.

Online Testing

Culinary Math Management and Parliamentary Procedure participants are required to take their event tests during an online testing window, May 4-20, 2020. This test will not be offered onsite at the National Leadership Conference. Participants not taking the test online during the testing window will lose the testing points.

Special Needs Requests

FCCLA members with disabilities as properly identified by a valued team of professionals (such as an IEP team, Section 504 coordinator, certified psychologist, physician) will be reasonably accommodated in national events. Participants who require accommodation in their event should indicate a special needs request during the national event registration. A national staff member will contact the adviser to determine the best process for the participant.

STAR Events Registration Fees

Each participant in a team or individual event pays a fee to help cover STAR Events expenses—room rental, volunteer meals, recognition session expenses, medals, and event supplies. In addition to the participant entry fee, online STAR Events, Level II entries pay a technology fee to provide Internet access and equipment. The national STAR Event participant fee is posted in the National Leadership Conference information. **STAR Events fees are nonrefundable.**

Supplies, Equipment and Electrical Access

Participants must bring all needed supplies with them to competition. Supplies will not be available from the National Leadership Conference Headquarters or Competitive Events Headquarters.

Access to an electrical outlet will not be provided unless required for a participant classified under the provisions of the Individuals with Disabilities Education Act. This request must be made during the national STAR Events registration process. Participants are encouraged to bring fully charged devices such as laptops, tablets, etc., to use for presentations, as allowed per event guidelines.

NATIONAL STAR EVENTS TIE-BREAKER PROCEDURES

The following tie breakers will be used, if necessary, to help determine the top event placements. If scores are tied so that a winner cannot be determined, the tie will be broken by the highest score on the first tie breaker (\star). If those scores are tied, the second tie breaker will be used (\star \star), followed by the third tie breaker (\star \star), and then by the score of the Point Summary Form. If those scores are also tied, it is up to evaluators to make the final determination based on review of the product in the event (portfolio, display, sample, etc.) *Ties are not allowed for 1st, 2nd, or 3rd places or for scholarships.*

Culinary Math Management, an individual or team event, recognizes participants who use Family and Consumer Sciences skills to create an oral presentation to demonstrate the application of mathematical concepts in the culinary arts industry using the annual topic. Prior to competition, participants must prepare a file folder, oral presentation, and visuals. On site, participants respond to a case study.

2019-2020 Topic: Recipe Costing and Profit

EVENT LEVELS

Level 3: grades 11-12

See page 83 for more information on event levels.

ELIGIBILITY & GENERAL INFORMATION

- 1. Review "Eligibility and General Rules for All Levels of Competition" on page 85 prior to event planning and preparation.
- 2. Eligible participants are members who are currently or have been enrolled in a Family and Consumer Sciences culinary arts industry training program, as determined by their state department of education. Students enrolled in general food and nutrition courses not preparing them for a career or employment in culinary arts are not eligible.

- 3. A case study document will be provided. Participants may bring a calculator, but not a mobile device with a calculator app, for the case study.
- 4. Participant(s) are encouraged to bring fully charged electronic devices such as laptops, tablets, etc., to use for audiovisual presentation, if desired.
- 5. Chapters with multiple entries in this event must submit different projects for each entry. All projects must be developed and completed during a one-year span beginning July 1 and ending June 30 of the school year before the National Leadership Conference, and must be the work of the participant(s) only.
- 6. National Leadership Conference participants will view the online orientation video found on the official FCCLA YouTube channel, available in early June. Each entry must complete and submit the required form to the event room consultant at the time of competition. Only one form per entry is required. Contact State Advisers for orientation procedures for competitions prior to National Leadership Conference.

Procedures and Time Requirements

All National Leadership Conference participants will take the Culinary Math Management Test during the online testing window, May 4-20, 2020, following the online testing specifications. Participants will have 30 minutes to complete the test. Tests will be evaluated and the results will be factored into the team's final score.

Each entry v	will submit a file folder with required documents to the event room consultant at the designated participation time.
5 minutes	Participant(s) will have 5 minutes to set up for the event. Other persons may not assist.
5 Illillutes	Room consultants and evaluators will have 5 minutes to preview the file folder before the presentation begins.
10	Participants(s) will be given 10 minutes to complete the case study in a separate case study room. The completed case
minutes	study will be given to evaluators prior to the oral presentation.
	The oral presentation may be up to 5 minutes in length. A one-minute warning will be given at 4 minutes. Participant(s)
5 minutes	will be stopped at 5 minutes. If audio or audiovisual recordings are used, they are limited to a 1-minute playing time

Digital Stories for Change

Digital Stories for Change, an individual or team event, recognizes participants who demonstrate their knowledge, skills, and abilities to actively identify an issue concerning families, careers, or communities; research the topic; and develop a digital story to advocate for positive change. The topic for 2019-2020 is "Transforming Your Community, One Action at a Time." Participants should choose one way they can make a difference in their community and create a digital story to influence change in that area.

Preliminary Round: Participants must prepare a digital story and project components to be submitted online. National Leadership Conference: Fifteen (15) entries will be invited to present their digital story, plus an oral presentation, at the National Leadership Conference. Only entries with scores of 70 or above will be eligible for National Leadership Conference consideration.

Interior Design, an individual or team event, recognizes participants who apply interior design skills learned in Family and Consumer Sciences courses to design spaces to meet client needs. In advance, participants will create design deliverables addressing the specifics of the design scenario. Participants must prepare a file folder, an oral presentation, and visuals.

EVENT LEVELS

Level 2: grades 9–10 **Level 3:** grades 11–12

See page 83 for more information on event levels.

ELIGIBILITY & GENERAL INFORMATION

- 1. Review "Eligibility and General Rules for All Levels of Competition" on page 85 prior to event planning and preparation.
- 2. Eligible participants are members who are currently or have been enrolled in a Family and Consumer sciences course preparing them for careers or employment in the Visual Arts and Design career pathway.

- 3. The design scenario that all participants must base their design will be available online by October 1.
- 4. To purchase the NBKA Kitchen and Bathroom Planning Guidelines with Access Standards, 2nd Edition eBook, visit www.nkba.org.

- 5. A 3-D model can be added to the floor plan board if there is room on the board in addition to the floor plans. The model would supplement the event requirements. Additions should only be considered if the student designer has extra time and the requirements are fulfilled - no additional points will be earned. Under "Presentation to Clients" that no other visuals or audiovisual equipment will be permitted. Participants should only be presenting the boards as described in the event specifications.
- 6. Chapters with multiple entries in this event must submit different projects for each entry. All projects must be developed and completed during a one-year span beginning July 1 and ending June 30 of the school year before the National Leadership Conference, and must be the work of the participant(s) only.
- 7. National Leadership Conference participants will view the online orientation video found on the official FCCLA YouTube channel, available in early June. Each entry must complete and submit the required form to the event room consultant at the time of competition. Only one form per entry is required. Contact State Advisers for orientation procedures for competitions prior to National Leadership Conference.

Repurpose and Redesign is an individual or team event that recognizes participants who apply recycling and redesign skills learned in Family and Consumer Sciences courses and create a display using a sample of their skills. Participants select a used fashion, home, or other postconsumer item to repurpose into a new product. Participants will create a brand-new product, but may not simply embellish an old one. However, participants may use additional materials if needed to redesign and creatively embellish the new product. At the event site, participants set up their displays and present the results of their projects to evaluators.

Sports Nutrition, an *individual* or *team event*, recognizes participants who use Family and Consumer Sciences skills to plan and develop an individualized nutritional plan to meet the needs of a competitive student athlete in a specific sport. In advance, participants will prepare a sample nutrition and hydration plan based upon nutritional and energy needs of the student athlete. The participants must prepare a file folder, visuals, an oral **presentation**, and demonstrate a method to be used by the athlete to assist with nutrition management.

EVENT LEVELS
