WHY DO YOU THINK YOU ARE QUALIFIED FOR STATE OFFICE?

From the moment I first met an FCCLA State Officer during my freshman year, I made it my goal to become one someday. I began to strive for FCCLA experience and skill improvement. Last year, I ran for a state officer position. Looking back, I realize that I was not yet ready for the leadership position. This year, I am prepared to put my goal into action. Passion, motivation, determination, hard working, and a desire for growth and experience are all qualities I possess in order to be a great state officer. I can not wait to show you what I have in store for the State Leadership Conference this year!
